Subject: Fwd: Brand New Hospital under Construction near crash Zone Va.Beach

Bill---We have gotten lots of mail. I only forward this one because the writer claims he is being muzzled and has tried to get data to the Commission.

Dear Mayor,

As a citizen of Va. Beach (45 years) I was extremely impressed by your panel's professionalism and I believe Cecil is the best place for the Superhornets.

I hope the vote goes your way.

There is some information that our reporters won't report so I am hoping that Jax can use it to their advantage. On the south west corner of the main runway Oceana, on the opposite end of the runway where the condo site is, a brand new hospital is under construction. I will be happy to send you information if you like. This hospital is in a 65-70 noise zone and within a 1000+ feet of a crash zone. I am with a coalition of landowners who are being used as pawns in the deception and misrepresentations by the city in their efforts to save Oceana and I am disgusted with the statements our Mayor, City Council and State officials are saying. This hospital news is not something they want to be known by the Brac Commission and since I've tried to let the BRAC know about this without any results, I think you may have better luck. The area the Hospital is in is called Princess Anne Commons and is in the direct landing path for the main runway. The hospital is a Sentara or Bon Secours and can be found if you look on the city's website.

I sincerely hope that this information reaches the Commissioners before the vote and I wish you and your city the best of luck.

Wade
