

DEPARTMENT OF THE AIR FORCE
WASHINGTON DC

OFFICE OF THE ASSISTANT SECRETARY

MEMORANDUM FOR DUSD(I&E)/Housing

22 Apr 03

FROM: SAF/IEB

SUBJECT: Installation Visualization Tool (IVT) – A Federated Approach to Execution

The attached describes the rationale for the proposed federated approach to managing IVT. This approach assures the maximum of service commitment and ultimate utilization of IVT for the BRAC process, as well as positions the department for future IVT initiatives. It is imperative that we come to consensus on the IVT governance approach, for funding must be received by 25 Apr 03 in order for the tool to be available to the services during this BRAC round.

I can be reached at 697-2524 should you or your staffs have questions.

//Signed// maa/
MICHAEL A. AIMONE, P.E.
Deputy Assistant Secretary
(Basing & Infrastructure Analysis)
