

DEPARTMENT OF THE AIR FORCE
WASHINGTON DC

OFFICE OF THE ASSISTANT SECRETARY

APR 19 2005

MEMORANDUM FOR RECORD

FROM: SAF/IEB
1665 Air Force Pentagon
Washington DC 20330-1665

SUBJECT: Programmed Installation Population Changes (Screen 6)

The COBRA Manual (2005) specifies that costs/savings resulting from programmed installation population changes (non-BRAC) be excluded from Base Operations Support and other calculations, since these population changes are independent of a closure/realignment action. For Air Force Candidate Recommendations (CR), non-BRAC population changes were manually entered in Screen 6. This approach was used since the FY05 projected changes for officers, enlisted, civilian, and students programmed to take place during 2006 - 2011 were not available for upload into the COBRA database.

Questions regarding this notification may be addressed to Mr. Paul Freund, 703-697-2995.
