Dear Senator Miller:

Thank you for your letter concerning the capabilities of Robbins Air Force Base.

All installations are being reviewed by the Department of Defense within the Base Realignment and Closure process. We are committed to using the most accurate, certified information available in our analysis of the Army's installation portfolio, and will be looking for opportunities for joint basing, training and operations where they add military value.

I appreciate your continuing interest in the Army's ability to serve our Nation as we strive to generate the best possible installation portfolio to support Army requirements and missions now and into the future.

Sincerely,
