Subject: media question

It is my understanding that in May 2005 the Secretary of Defense will be submitting a list of

recommended base closures to the BRAC commission. I am assuming that prior to that date, the Air Force will be doing a self-assessment so that it can give a report to the SED. DCN: 9527

Will the USAF be putting together its own commission soon? When and how can I obtain a list of who is on this commission?

The paper is interested to see if anyone local will be a part of this group.

Thank you,

Joe Cogliano II
