Mississippi National Guard NCO Association & Auxiliary

July 30, 2005

The Honorable Anthony J. Principi, Chairman
2005 Defense Base Closure and Realignment Commission
2521 S. Clark Street, Suite 600
Arlington, VA 22202

Dear Chairman Principi:

We are writing to urge you to reject the Air Force plans to ground a third of the Air National Guard (ANG) under the Base Realignment and Closure (BRAC) process. The recommendations made by the Air Force affecting ANG bases are outside the scope of the BRAC process. As hearings held by the Commission and by the House Armed Services Commission (HASC) have proved, these recommendations substantially deviate from published BRAC selection criteria.

We are also concerned about the effects of proposed base closures, both active and reserve component, on our access to health care, commissary, and MWR benefits. DoD did not consider retiree and reserve component populations surrounding military bases in their evaluation and selection for sites for closure.

The men and women of our National Guard are playing an increasingly integral role in military operations both domestically and around the world. There is a crisis in recruiting and the potential for one in retention. Closing these facilities would not only force National Guard members to drive farther to drill, it will also, in many cases, take away the missions they have been trained to do and enjoy doing.

Please consider these issues carefully as you finalize your recommendations for base closure. We ask that you remove the Air National Guard facilities from the list and make changes to reduce the impact of potential loss of installation-based benefits for National Guard members and retirees. Please respond to us with your perspectives on this matter. If you have any questions, please contact us or our representative at the Enlisted Association of the National Guard of the United States at 1.800.234.3264.

Sincerely,

Albert & Myrtle Blackwell

BRAC Commission

AUG 08 2005

Received

6 August 2005

The Honorable Anthony J. Principi, Chairman
2005 Defense Base Closure and Realignment Commission
2521 S. Clark St., Suite 600
Arlington, VA 22202

Dear Chairman Principi:

I believe that the recommendations made by the Air Force affecting ANG bases are outside the scope of the BRAC process; as hearings held by the Commission and by the House Armed Services Committee (HASC) have proved. These recommendations substantially deviate from published BRAC selection criteria. It is my opinion that the The Adjutant Generals Association's recommendation for base realignments is a fairer distribution of bases for the States and is within the BRAC criteria guidelines.

I am also concerned about the effects of proposed base closures, both active and reserve component, on my access to health care, commissary, and MWR benefits. DoD did not consider retiree and reserve component populations surrounding military bases in their evaluation and selection of sites for closure. These closures will have a significant impact on my ability to use those benefits that I have earned.

The men and women of our National Guard are playing an increasingly integral role in military operations both domestically and around the world. There is a crisis in recruiting and the potential for one in retention. Closing these facilities would not only force National Guard members to drive farther to drill, it will also, in many cases, take away the missions they have been trained to do and enjoy doing. This will cause yet another drop in morale that the services cannot tolerate at this time.

Please consider these issues carefully as you finalize your recommendations for base closure. I ask that you remove the Air National Guard facilities from the list and make changes to reduce the impact of potential loss of installation-based benefits for National Guard members and retirees. If you have any questions, please contact me or my representative at the Enlisted Association of the National Guard of the United States, 1-800-234-3264.

Sincerely,

Wayne W. Sedgwick, SGM USA (Ret)
