

Dear BRAC Commissioners,

I am writing this having hope and faith so my letter and my voice will count and will make a difference in whether Cannon will close or not. I am praying while I am writing this, for many people to take the time to write you and let you know that they are against the base closing. Many families in the cities of Clovis, Portales, Farwell and other towns depend on their income by working in Cannon as civilians, also a lot of people who own small businesses depend on military families whom support them by buying their goods. Please take in consideration that your decision would benefit or hurt many people and new generations from now on. Thank you for taking the time to read and consider the wishes of one of many individuals who are very concerned and troubled about this matter.

In God we trust so CAFB will not close,

Sincerely,

Ana Ehlenbeck
