

DCM 8280
BRAC 2005
Fort Sam Houston

Recommendations

- Cede historic portion west of New Braunfels and south of Hood.
- Cede portion north of Old Austin Rd.

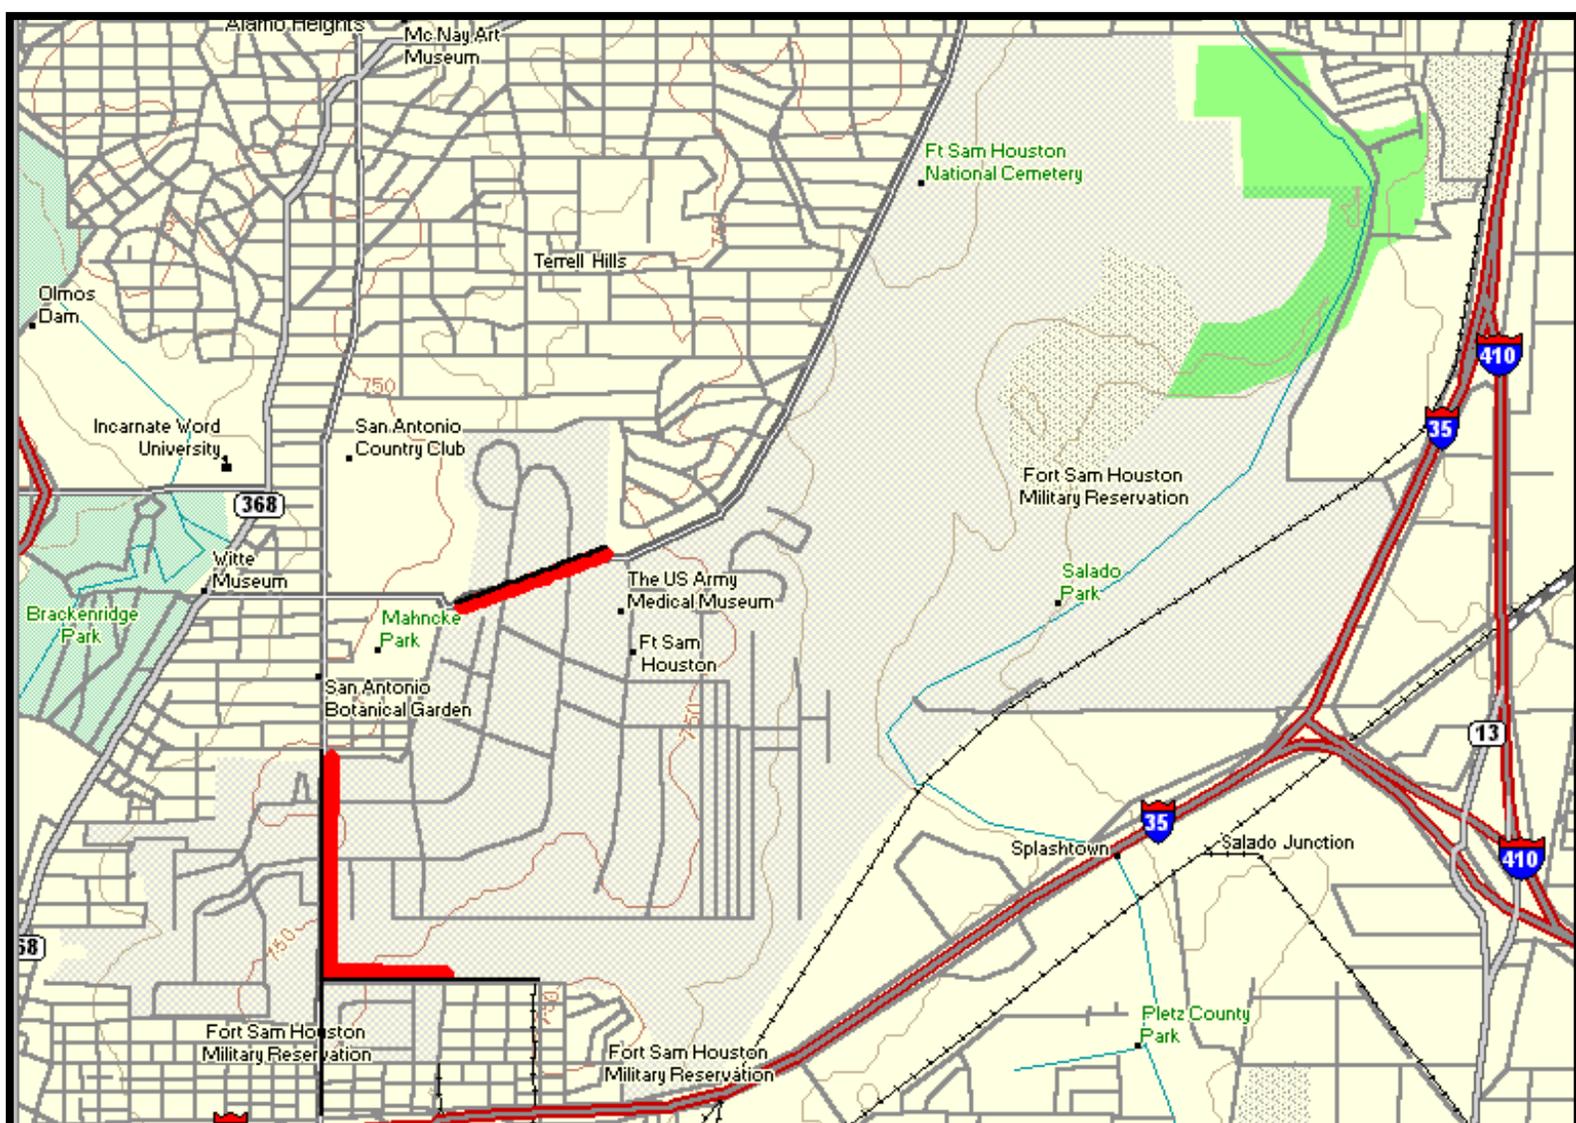

Per Section 2905 of the *Defense Base Closure and Realignment Act of 1990*:

Consult with jurisdictions relating to redevelopment for historic preservation, tourism, and public road uses.

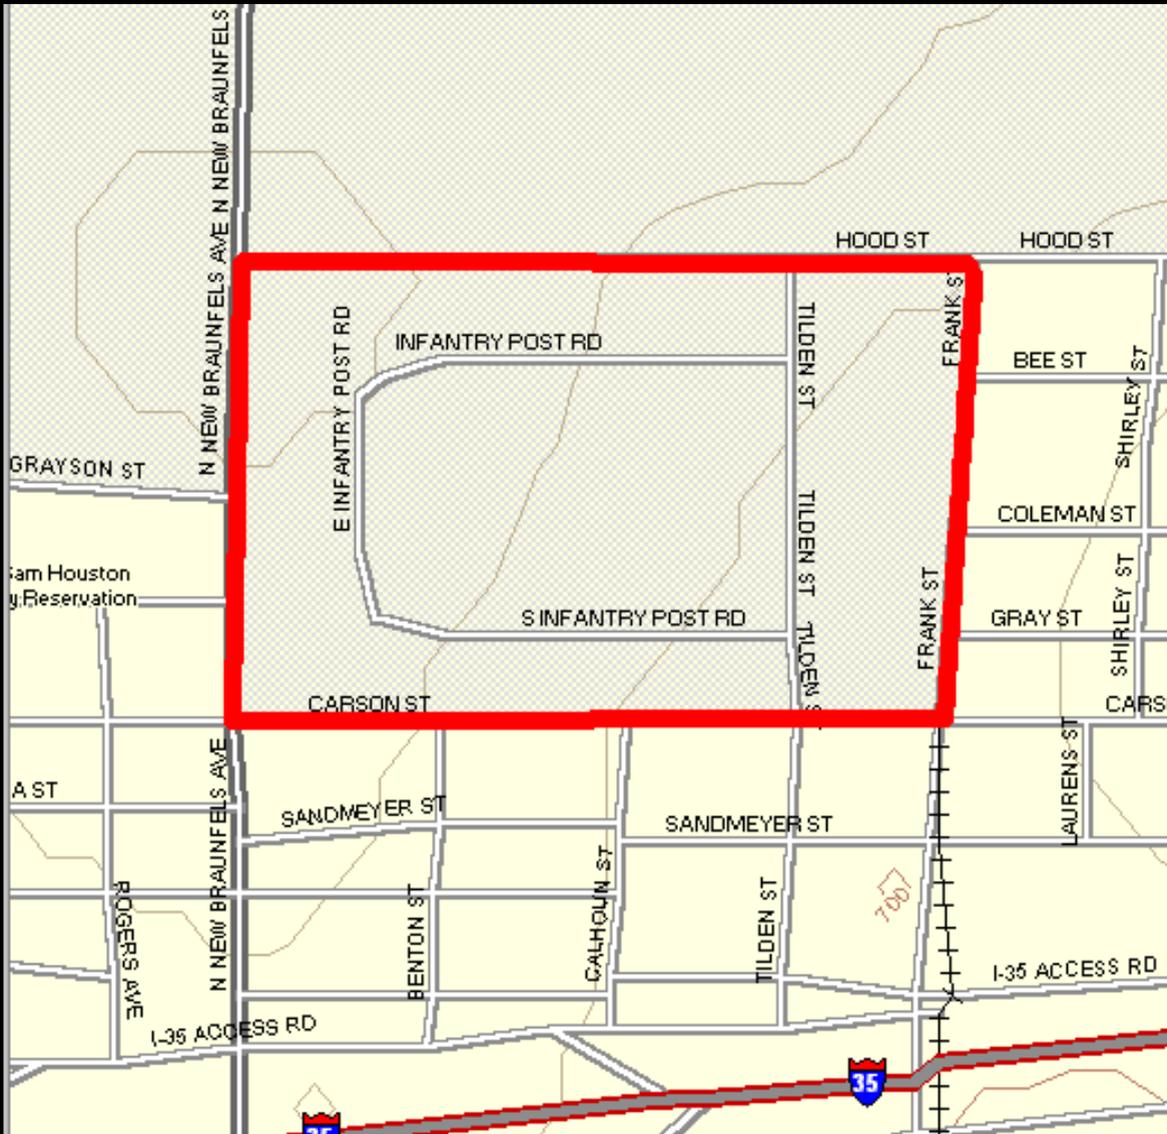

Benefits

- More defensible perimeter.
- Older structures used past their economic strategic usefulness.
- Excess lands dilute focus of already strained military objectives.
- Promoting colorful history will enhance image of military.
- Existing security severely impacts community transportation.
- Cross promotes well with Alamo, River Walk, and Missions.
