Re: Removing Cannon Air Force Base from the Closure List

Dear Brigadier General Turner:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to make a plea to the Commission to help make them fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, all the counties around Cannon and the state of New Mexico really appreciate and need the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel. The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family. We have had many military people to retire and stay in this area near Cannon.

Cannon has been such a boost to our community. The closure of Cannon will have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

We ask you please to reconsider Cannon's importance to the nation and to our community. Please, KEEP CANNON!

Sincerely,

Bertie and Bernie Snipes
