Dear Mr. Bilbray,

I know you have received many letters detailing all the reasons why we believe Cannon Air Force Base should stay active for the good of the Clovis and Portales area residents. I won't enumerate them again. Instead I will give you my own personal reason and I'm sure most of our residents have personal reasons. My husband is dying of cancer and has recently entered a rest home because I'm unable to care for him. I had a bad brain stem stroke and am now handicapped. It is hard for me to manage alone in this big house and yard. I was planning to put our house on the market this fall and moving to a small apartment where it will be easier for me to manage. If Cannon closes, it will limit and maybe ruin my chances of getting a decent price for my house or maybe my chance of even selling this big house. I was planning on the interest making the rent payments where I move. This is by no means a frivolous reason for hoping Cannon stays.

Sincerely,

Mrs. W. F. Miller, Jr. (Bettie)
