

August 23, 2005

Senator Elizabeth Dole
120 Russell Bldg.
Washington, D.C. 20510

Dear Senator Dole,

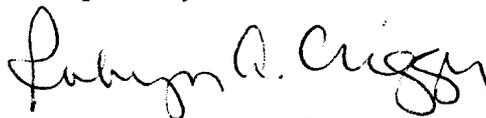

I have sent a letter earlier to you regarding my interest in being an Outplacement vendor to those affected by BRAC. I have attended the BRAC hearing in Charlotte and was there when you and the Governor spoke to the BRAC Commissioners. I have also listened to some of the BRAC discussion on public channel, as the final decisions near. In addition, you and I have met when you were running for the Senate.

This is clearly a stressful challenge for these commissioners and a very difficult decision for the whole country. My company, Compass Career Management Solutions, has worked with companies who have had to make such tough decisions for over eleven years. We have assisted businesses and organizations in over thirty states as emotional transitions take place.

Compass Career Management Solutions has always taken a very comprehensive approach to our support by offering effective resources for all aspects of these transitions. We involve public and private resources in the communities that will benefit all those affected as part of our program. Locating a job may not be the solution for all those displaced. For some it may be the need to return to school. For others retirement could be the best choice. There are some who choose, after thorough investigation, to become self-employed.

Your support and guidance would be greatly appreciated in my efforts to attain serious consideration as an Outplacement resource for those caught in the repercussions of any base closures or realignments. You are encouraged to visit our website to learn more about us: www.compasscareer.com. We would sincerely value being a selected vendor.

Respectfully,

Robyn A. Crigger, CEO

Cc: President George Bush

*Mr. Principi -
I sincerely believe my firm
could be helpful in multiple
locations.*

BRAC Commission
