

06102005

May 30, 2005

The Honorable James V. Hansen

Dear Sir:

I am asking you to consider removing Cannon AFB from the closure list. Cannon is and can always be an important part of the National Defense program, including the supersonic program. Cannon AFB is not encroached by development and can easily be expanded, and is in a strategic stopping off and refueling base for the southern fly way across the USA. Closure of Cannon AFB would be more than devastating to the surrounding communities and would remove 21% of the work force....devastating clovis, NM just like Roswell, NM was devastated when Walker AFB was closed. Please consider this request.

Thank you,

Clinton Risdon
