The Honorable Anthony J. Principi,

We hope when the BRAC committee evaluates base closings they will recommend keeping Cannon Air Force Base, near Clovis, New Mexico, our neighboring town. Quite a few base personnel live in base housing in our town, Portales. They are part of our community.

In New Mexico, at Cannon Air Force Base, there is usually fine weather for flying, making possible Cannon's ability to train year around.

In New Mexico's wide open spaces, there is less encroachment on its airspace, making for more comprehensive training.

There are new runways on the Cannon Base with ample space/ramp spaces.

Cannon Air Force Base has improved the cultural aspect of the community, as well as being a superior training facility.

Of course, our university town is greatly enhanced by having Cannon Air Force nearby and we hope our area can KEEP Cannon Air Force Base.

Please consider all the facts before making your final decision. We thank you for all you do.

Respectfully yours,

Dale Hamlett

Portales, N.M. 88130

The Honorable James H. Bilbray,

I am very concerned about the proposal to close Cannon Air Force Base. Here in Portales, there is a base housing development for Cannon and the personnel are a part of our community.

In this part of New Mexico, we have such splendid weather for flying and training the year around. I understand there are new runways on the Cannon Air Force Base with ample space/ramp spaces. With New Mexico's wide open spaces, there is less encroachment on its airspace, making for more comprehensive training.

Cannon Air Force Base has a superior training facility, and it has improved the cultural aspect of our community. We have Eastern New Mexico University here, and our town is greatly enhanced by having Cannon Air Force nearby, so we hope our area can KEEP Cannon Air Force Base.

We thank you for considering all facts.

Sincerely yours,

Mozelle Hamlett
