June 23, 2005

Philip E Coyle III  
2005 BRAC COMMISSION  
2521 South Clark St. Suite 600  
Arlington, VA 22202

Dear Mr. Coyle:

We are writing in reference to the proposed closing of Cannon Air Force Base, New Mexico. We want to express our dissatisfaction in that decision.

We are Air Force retirees who chose to live in Clovis because of the Cannon Air Force Base. Also, this is a wonderful community. It would be a great loss if you were to close this base.

The Air Force is highly valued for the following reasons:

1. The military planes fly most of the year because of the nice weather. There is no conflict with any other air traffic.
2. The bombing range is close by, the planes don't have to worry about running out of fuel, they refuel right here.
3. It is close to Amarillo, the home of the Pantex Plant, which is a protection to that Plant.
4. There is endless room for expansion of the facility surrounding the base and bombing range.
5. Cannon Air Force Base has excellent housing, and has been expanding and improving. We can not believe that it would save money to close. All that money spent on remodeling, new buildings, new roads, would be money wasted instead of saved.
6. We as a community love and support our military. We don't believe you would find another City that has that much support for our troops. It is a Christian community; the Cannon Air Force military members attend our churches, they learn and teach good values. Besides fighting and protecting our country, we sincerely believe that our troops here at Cannon perform their service to the Department of Defense with high moral standards and sense of responsibility because of the positive values provided by our community.

RE  
5/23/05

In closing, we believe that many other considerations were not taken into account. If you were to visit Clovis, you would see for yourselves our wonderful community, the location and space, you would realize that Cannon Air Force Base is an asset to be kept.

Sincerely Yours,

*Reynaldo Dominguez*  
*Charlotte Dominguez*

Arlington, VA 22202

Dear General Newton:

We are writing in reference to the proposed closing of Cannon Air Force Base, New Mexico. We want to express our dissatisfaction in that decision. As an Air Force General, you should know how important Cannon Air Force Base is to our Defense Department. An Air Base and our fighter planes is something you cannot discard that easily.

We are Air Force retirees who chose to live in Clovis because of the Cannon Air Force Base. Also, this is a wonderful community. It would be a great loss if you were to close this base.

The Air Force is highly valued for the following reasons:
