Re: Removing Cannon Air Force Base from the Closure List

Dear Brigadier General Turner:

This letter expresses my concern over the recommendation to close Cannon AFB. Without reiterating all of the valid points to keep Cannon from being closed, I am highlighting the biggest impact that will be experienced, the impact to Air Force personnel.

As you will see during your visit in June, Cannon AFB is centrally located near small "Norman Rockwell" communities comprising at most 50,000 citizens. Our citizens have been a large part of the Air Force community for over 50 years. Air Force personnel and their families have attended our schools and churches. They have been born in our hospitals. Their families have grown up and played with our children. They have met and married spouses here. They have retired and even died here. Many are our best friends. Not only will we miss their presence, they will miss ours!

We take care of the people who take care of the country!

Sincerely,

Charles Speice
