Dear Mr. Chairman:

I write to express my sincere gratitude for the time you spent at Submarine Base New London. I know that you have a number of military installations to review, and we were truly honored to have such significant representation from the BRAC commission. I appreciate the critically important work you are performing on behalf of the American people. As we transform our military into a force capable of confronting the challenges of the 21st century, it is essential that Defense Department infrastructure is fully restructured to maximize its military value and cost-effectiveness.

To that end, I strongly believe that closing Submarine Base New London would be a disservice to both our military preparedness and the American taxpayer. From what I observed, your visit highlighted the extraordinary contributions Submarine Base New London makes to the defense of American national security. I am truly looking forward to addressing these issues, along with my colleagues from Connecticut, when the Commission formally receives testimony on July 6th, in Boston.

Thank you again for your openness in approaching this important decision and for your service to this nation. I invite you to contact me or my military legislative assistant, Neal Orringer, if I may be of any further assistance.

Sincerely,  
*Chris*

The Honorable Anthony Principi  
Chairman  
Base Realignment and Closure Commission  
2521 South Clark Street  
Suite 300  
Arlington, VA 22202

*Tam*  
You were great!  
Thanks for listening -
