RE: Communist China!

05 JULY 2005

Page 2 of 3

Dear Hon. Alberto Gonzales, A.G. and Director Robert Muller, F.B.I.:

We have written to you many times, and we would greatly appreciate written answers from you. Who is protecting American Nationals in their own Country the U.S.A.?

We are writing to find out why all foreign governments are exempt from all U.S. Laws inside the United States?

We keep hearing how our U.S. Congress and President's are closing our U.S. Military Bases all over the U.S., but what we are not hearing is who is buying them or leasing them inside the U.S.A.?

(1.) "COSCO" the 2nd largest shipping company in the world owned by Communist China, was given a U.S. Long Beach Naval Nuclear Submarine Base in 1997(145 + acres and all buildings & reported all computers left intact). We have many letters from members of Congress and White House and news articles, back when this was taking place by U.S. Congress and then President Bill Clinton;

(A) COSCO has been allowed to dock in Oakland California since 1980 and has broken almost every U.S. Law!

(B) We have letters from Sen. John McCain and many others and also a letter from the former U.S. Congressman Matt Salmon(AZ), which states that a couple of months prior to handing over this U.S. Naval Nuclear Submarine Base to COSCO, COSCO was caught with 2,000 automatic weapons, estimated street value \$4 million, but was still given this Nuclear Sub-Base!

(C) They have been caught many times bringing in **Illegal Aliens!** In 1999 they were caught again!

(D) We are now hearing that Communist China is building more and more "Submarines" and the U.S. is NOT!

(2.) The "World News/Business" on cable channel 6 in AR— reported in FEB/MAR 2003, that Communist China was buying a German Nuclear Medical Lab and this Lab was also shown on this report!

(3.) 1903 NOV. 18 Washington, DC— The Hay— Bunau— Varilla Treaty gave the U.S. **PERPETUAL(forever)** control over a 10-wide-mile strip of the Isthmus of the **Panama** and the right to construct a canal there. Which our U.S. Congress and then President Jimmy Carter, gave

this U.S. Canal away to Panama! It cost the U.S. over \$93 million and the loss of 16,000 lives.

(A) It was reported at this time, that the 1st and 2nd largest shipping Companies in the world are owned by Communist China(COSCO), were allowed to **Lease both ends of the Panama Canal! Control.**

The U.S. American Nationals are not allowed to own any land, buildings, etc., or even be buried in any foreign government on this earth, but yet all ... foreign governments can be exempt from all U.S. Laws inside the U.S., and their millions and millions of citizens/nationals.

So please tell us again how we the American Nationals are being protected on our own U.S. Borders, Land, Seas and Airports, on our streets, in our schools, in our beds, etc.!

Thanking you in advance for a speedy reply.

Sincerely,

Patti Burch

NOTE: the week of 9/11, I called the F.B.I. 1-202-324-3000, to check on some information sent, and I was told by a young man, that anything sent would be discarded, since there was not and had not been a Director of the FBI for over 2 months, and this young man did not know the name of the new FBI Director, and told me to call my AR FBI Office and I did and they did not know the name of the new FBI Director, but started asking each other(while I listened on the phone), and one person knew, but did not know how to spell his name Mr. Robert Mueller, new FBI Director.
