MEMORANDUM FOR: Executive Secretary, Supply and Storage, Joint Cross Service Group

SUBJECT: Virtual Inventory control Point (ICP)

1. Reference Memorandum, SAB, 18 February 2005
2. Per your request, the Army Basing Study Group conducted an analysis of the Virtual ICP scenario. The Army does not recommend pursuing this scenario. The primary difficulties with this scenario are that it entails moving elements form higher value installations to lower valued installations and the pay back period is excessive (59 years).
3. Request this proposed scenario be terminated.
4. POC for this office is LTC Ron Pulignani, 703-588-0567
