Dear Mr. Cirillo:

This letter responds to your question concerning the Technical Joint Cross Service Group recommendation "Create a Naval Integrated Weapons & Armaments Research, Development & Acquisition, Test & Evaluation Center," page Tech-15 of the Detailed Recommendations section on the Department of Defense BRAC Website. Your specific question follows.

Does the part of the sub-recommendation in [page] Tech 15 to "realign Naval Weapons Station Seal Beach, CA, by relocating all Weapons and Armaments Research, Development & Acquisition, and Test & Evaluation, except underwater weapons and energetic materials, to Naval Air Weapons Station China Lake, CA" intend to refer to Naval Weapons Station Seal Beach or should there be a technical correction and have it refer to Naval Surface Warfare Center detachment Seal Beach?

The proposed relocation refers to the weapons and armaments work reported by Naval Surface Warfare Center, Indian Head detachment Seal Beach, located on the Naval Weapons Station, Seal Beach. There is no need for a technical correction.

Thank you for the opportunity to address your question.

Sincerely,
