Please respond to the following:

The Governors and Adjutants General of various states have indicated they believe some or all of the realignments of Air National Guard units recommended by the Department of Defense violate 10 USC 18238 and 32 USC 104, as well as the authority of the various states to raise, maintain and command their respective militias under the state and Federal statutory law and constitutions. Please provide a detailed analysis of application of these statutes to the proposed realignment actions involving the Air National Guard. Please include an analysis of the underlying issues of the division of powers between the state and Federal governments. The analysis should specifically address whether and why the proposed realignments would or would not violate existing law.

The Governors and Adjutants General of various states have indicated that in their view the Department of Defense did not adequately consult or coordinate with the Governors and Adjutants General regarding the impact of the proposed realignments of Air National Guard units recommended by the Department of Defense on their homeland security missions. Please describe in detail the consultation or coordination that occurred between the Department of Defense and the Governors and Adjutants General regarding the proposed realignments of Air National Guard units.

The Governors and Adjutants General of various states have indicated they believe the Department of Defense recommendations to relocate specified aircraft from one state's Air National Guard to the Air National Guard of another state fall outside the scope of authority established by the Defense Base Closure and Realignment Act of 1990, as amended. Please provide a detailed analysis of whether and why a recommendation to relocate aircraft from one state's Air National Guard to the Air National Guard of another state is or is not consistent with the purpose and authority of the Defense Base Closure and Realignment Act of 1990, as amended.

The Governors and Adjutants General of various states have indicated they believe the Department of Defense recommendations to retire certain numbers of specified aircraft fall outside the scope of authority established by the Defense Base Closure and Realignment Act of 1990, as amended. Please provide a detailed analysis of whether and why a recommendation to retire aircraft is or is not consistent with the purpose and authority of the Defense Base Closure and Realignment Act of 1990, as amended.

The Governors and Adjutants General of various states have indicated they believe some of the realignments of Air National Guard units recommended by the Department of Defense may violate the Constitutional separation of powers between the executive and legislative branches of the Federal Government. Some of the aircraft the Department of Defense has recommended for removal from specific states were purchased by Congress for the express purpose of equipping those states' militias. The Governors and Adjutants General of various states have suggested that removal of those aircraft from the designated state's militia and the transfer of the aircraft to another state's militia at the direction of the Department of Defense would employ the President's power as Commander-in-Chief to contravene Congress' exercise of its power to authorize, equip and fund that designated state's militia. Please provide a detailed analysis of that position as it applies to the proposed realignment actions involving the Air National Guard.

Thank you.

Inquiry Response

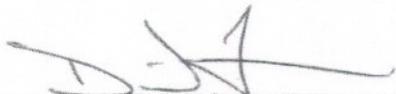

Re:**Requester:** Dan Cowhig via Clearinghouse**Question:** Provide legal analysis of whether ANG realignments conflict with 10 USC 18238 and 32 USC 104 and related issues.**Answer:**

This is in response to Commission inquiries concerning the 2005 Base Realignment and Closure (BRAC) recommendations. The Deputy General Counsel of the Commission, Mr. Dan Cowhig, recently requested a detailed legal analysis of the BRAC 2005 recommendations affecting units of the Air National Guard. Mr. Cowhig also requested a description of the consultation or coordination that occurred between the Department of Defense and the Governors and Adjutants General regarding the proposed realignments of Air National Guard units. This letter responds to the consultation question. A response to the other questions will be provided at a later date.

Air National Guard and Air Force Reserve general officer representatives were full partners at every Base Closure Executive Group deliberative session. The Chiefs of the Air National Guard, Air Force Reserve, and National Guard Bureau were kept apprised of the Air Force's progress throughout the BRAC process. No Governors, TAGS, or other state officials were directly involved in Air Force BRAC deliberations. The Air Force, however, will be working closely with affected state and local governments, just as it has in each prior BRAC round, to implement successfully all final closures and realignments.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief. If you have any questions, feel free to contact me.

Dear Chairman Principi:

The Department of Defense is pleased to respond to Commission inquiries concerning the 2005 Base Realignment and Closure (BRAC) recommendations. The Deputy General Counsel of the Commission, Mr. Dan Cowhig, by e-mail dated June 10, 2005, requested detailed legal analyses regarding the authority of the Department of Defense to make and implement certain recommendations affecting the Air National Guard. Mr. Cowhig also requested a description of any consultation or coordination that may have occurred between the Department of Defense and the Governors and Adjutants General regarding the proposed realignments of Air National Guard units. Information regarding Air Force consultation with Governors and Adjutants General is being provided under separate cover; you may expect to receive that information in the next few days.

The remaining four questions requested a series of legal opinions addressing the Department's authority to make and implement the recommendations forwarded to the Commission concerning Air National Guard units and equipment. We recently received word from the Department of Justice that on May 23, 2005, you requested similar legal advice from the Attorney General. In keeping with its common practice, the Office of Legal Counsel (OLC) has asked us to provide our views concerning these issues, and we will do so soon. As a consequence, we believe it would be premature and inappropriate for the Department to provide its views on these issues to the Commission in advance of OLC's opinion for the Commission.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief. If you have any questions concerning this response, please feel free to contact me at 703-693-4842 or nicole.bayert@osd.pentagon.mil.
