MEMORANDUM FOR COBRA Joint Process Action Team (JPAT)

SUBJECT: Data File Errata – Aberdeen Proving Ground BOS

1. Aberdeen Proving Ground (base code 24004) has submitted a new certified data value for BOS Non-Payroll Budget.

a. Old value - 139029.87 in units of thousands of dollars.

b. New value - 87307.03 in units of thousands of dollars.

2. If you have a COBRA that includes Aberdeen Proving Ground, analysts should replace the old value in Screen Four with the new value, save the COBRA file, and then execute the COBRA run.

3. Saving the COBRA file will retain the new value as long as the databases button in Screen One IS NOT pushed. If the databases button is pushed after the value is changed, then COBRA will revert back to the old value, so ensure the new value is entered before the program is run or saved.

4. POC for COBRA is MAJ David A. Smith. He can be reached at [david.a.smith@us.army.mil](mailto:david.a.smith@us.army.mil), or by telephone (703) 696-9778, DSN 426-9778.
