MEMORANDUM THRU DIRECTOR, BRAC OFFICE, OUSD (AT&L)

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Data Issues - Headquarters and Support Activities Joint Cross Service Group (HSA JCSG), BRAC 2005

1. Reference Memorandum, Chairman ISG, 9 Nov 04, subject: Military Value Report Guidance.
2. Per the ISG Chairman's instructions in Reference 1, the HSA JCSG continues to update military value (MV) analysis. As a part of the MV update process and continued refinement of capacity data, the HSA JCSG is pursuing resolution of data issues with the objective of having final MV and capacity analysis reports completed prior to 28 Feb 2005. Data issues remaining include missing data, certified data provided to the JCSG but not populated in the OSD database, quality issues, and miscellaneous concerns raised by a recent DOD IG audit.
3. We need your direct support to update data and databases so that we can resolve all outstanding data issues within the time prescribed. Our intent is to balance the deficiencies of our current data posture and audit concerns with competing requirements and challenges. However, the standards required to withstand the scrutiny of the BRAC process are clear and we intend to work aggressively to meet those standards. We plan on meeting with your Liaison Officers in the next several days to begin a dialogue leading to resolution of these issues at the lowest level possible. If resolution is elusive, issues will be raised to a higher level and ultimately to the OSD BRAC Office.
4. Thanks for your support in this effort. Please direct any issues or concerns to COL Carla Coulson at (703) 696-9456.
