Keep Cannon

To: BRAC commission

Sub: Keep Cannon Open

I retired from Cannon AFB. One of my jobs on base was keeping track of lost fly days. I held this position for 2 years and during this time I don't think we lost more than 5 fly days due to weather.

KEEP CANNON

To: BRAC commission

Sub: Keep Cannon Open

My husband retired here in Clovis NM. My concern is about our health. I am sick all the time and use the base hospital. We get our medicines from the hospital also. We live very close to the base so we do most all our shopping at the Base Exchange and commissary. We really would appreciate it if you don't close Cannon Air Force Base. May God bless you all!
