

**BRAC 2005**  
**EDUCATION AND TRAINING JOINT CROSS-SERVICE GROUP**  
**MEETING MINUTES OF 5 FEBRUARY 2004**

The Principal Deputy Under Secretary of Defense (P&R), Mr. Abell, chaired the 11th working meeting of the E&T JCSG 5 February 2004. Attendee List is attached.

Mr. Abell welcomed the E&T JCSG principals and turned the meeting over to the Professional Development Education (PDE) Subgroup to present their revised Military Value Scoring Plan methodology.

PDE subgroup amended their Military Value methodology to ensure outcomes were not limited. New functions/sub-functions were redefined to better capture areas for Military Value Analysis and include: Professional Military Education and Joint Professional Military Education; Military Graduate Education (NPS/AFIT); and, other full time education programs (other military/civilian professional education). Attributes and metrics were also expanded to capture broader institutional values for analysis. Attribute weights were characterized with five attributes that applied to each function. Consistent relative relationship and rank of attribute weights were maintained for each kind of program.

Flight Training Subgroup reported the subgroup's results for Quality of Life factors under the recommendation of the E&T JCSG (28 January 2004 meeting). Attributes and metrics were expanded to include a wider array of Quality of Life indicators that would impact both students and permanent party members. Child Care Centers were changed to Child Development Centers. Attribute weight methodology remained the same as previously briefed:

- Same attributes used for all functions but would have different weights
- Relationship and rank of attribute weights are consistent across functions
- Managed training areas given highest value
- Airfield capacity given second highest value
- Ground training weighted higher for NAV/NFO and ABM
- Environmental issues weighted lower for rotary-wing

Principals achieved a consensus on PDE and Flight Training's revised Military Value Score Plan methodology. The meeting concluded with the Chair thanking the Subgroups and their respective members for their hard work. Next meeting of the E&T JCSG is scheduled for 12 February 2004 to review/approve the E&T JCSG Military Value Report.

Approved: 

Charles S. Abell  
Principal Deputy Under Secretary of  
Defense (Personnel & Readiness)  
Chairman, Education & Training Joint  
Cross-Service Group
