

BRAC 2005
EDUCATION AND TRAINING JOINT CROSS-SERVICE GROUP
MEETING MINUTES of March 03, 2005

The Principal Deputy Under Secretary of Defense (P&R), Mr. Charles Abell, chaired the 48th meeting of the E&T JCSG. Attendee List is at Attachment 1. Mr. Abell opened the meeting by welcoming participants. The E&T JCSG currently has 62 declared scenarios: 13 have been deleted, 36 deactivated, 12 approved and 1 pending further deliberations. Four Candidate Recommendations will be presented at the 04 March 2005 ISG meeting (E&T 0003R, E&T 0032, E&T 0046, E&T 0052). The following is a summary of discussions (Briefing slides at Attachment 2):

- Mr Abell updated the principals on a meeting with Mr. Potochney, OSD-BRAC, Dr. College, Army BRAC, and himself that took place on Monday, 28 February 2005. The purpose of the meeting was to discuss four Army candidate recommendations under E&T JCSG over watch authority. The Army expressed concern about the progression of these scenarios. *[Note: On 10 November 2004, the E&T JCSG approved over-watch of 15 Army scenarios which were being considered by Army TABS. During the 21 December 2004 meeting, the E&T JCSG concurred with the Army recommendation to approve four USA scenarios as candidate recommendations. Each CR realigned an Army-specific school along with other Army units from one Army installation to another Army installation to maintain/enhance existing Army synergies. Criterion 5-8 analyses were not briefed. The Army TABS office completed CR coordination with OGC through the E&T JCSG. As per OSD BRAC guidance, the E&T JCSG forwarded these four USA Candidate Recommendations for ISG review at the 18 Feb meeting. Subsequently, OSD BRAC notified the E&T JCSG that these four candidate recommendations should be renumbered and entered into the ISG Tracker as E&T JCSG scenarios.]* OSD BRAC advised that since the E&T JCSG deactivated these scenarios at the 10 February 2005 meeting pending results of criterion 5-8 analyses, the USA has no avenue to incorporate the scenarios in the BRAC 2005 process. However, if they are reactivated, the Army is responsible for data manipulation and reporting.
- Mr. Ken Roberts, Army BRAC briefed the four scenarios, which are under E&T JCSG “over watch” (E&T 0061 – Net Fires Center, E&T 0062 - Realign Aviation Logistics School, E&T 0063 – Maneuver Center, E&T 0064 – Combat Service Support Center). (Briefing at Attachment 3.) The group opined that these four scenarios do not have any joint benefit nor do they support E&T JCSG guiding principals. However, they do support Army initiatives and could be “enabling”

scenarios with larger payback if installations were closed as a result. Mr. Brian Buzzell, OSD BRAC Advisor, stated a new rule from OSD BRAC allows, “JCSGs to recommend closure of an installation if the JCSG removes the major functions from the installation.” The Army utilized a “regression tool” to assist in calculating personnel reductions for input into the COBRA model. The Army could not separate SST related data out for SST review and analysis. SST’s initial comments inferred that the MILCON costs appeared significantly elevated. This may have been a result of Army using Standard Regression-Plans as a model which was a different process than the E&T JCSG used.

➤ ***The E&T JCSG deferred all four scenarios until the following issues are resolved.***

➤ ***E&T JCSG tasked SST/Army BRAC to verify the personnel savings (used in COBRA) for E&T-0061.***

➤ ***E&T JCSG tasked SST/Army BRAC to verify the delta between the vacated space (square feet) and the Military Construction requirements for all four scenarios. (New facilities were less square footage than what was vacated.)***

- SST revisited several scenarios to ensure that good ideas were not put aside because of low pay back or large one-time costs. Review re-confirmed previous actions by the JCSG concerning deactivated scenarios. The subgroup then presented Candidate #HSA-0131: Consolidate Counterintelligence Field Activity and Defense Security Service at MCB Quantico, VA, which is under E&T JCSG over watch authority. If approved, the HS&A JCSG will present this candidate recommendation for ISG review through OGC. The E&G JCSG:

➤ ***Concurred with HS&A recommendation to approve HAS-0131 as a candidate recommendation.***

- The Ranges Subgroup (Mr. Jim Gunlicks and Mr. Tom Macia) presented E&T 0038R “Establish Eastern, Central and Western Joint Range Coordination Centers” as an alternative scenario for E&T-0037 – Joint Regional Range coordination Center East & E&T 0038 - Joint Regional Range coordination Center West. This revision changes the recommendation for two coordination centers and six detachments with 162 total personnel to a recommendation for three coordination centers with 87 total personnel (29 at each coordination center.) The subgroup developed specific criteria to help select suitable locations for E&T -0010, “Joint Urban Operations Centers of Excellence. The criteria include eight attributes with scoring ranges of .5 for partial value to 1 for full value. The first eight locations from a preliminary list of closing installations were reviewed as possible candidates. Five were eliminated from the top eight due to removal from closure list, encroachment issues and severe weather which would limit training days. The E&T JCSG:

➤ ***Approved deactivation of E&T-0037 “Joint Regional Range coordination Center East and the revision of E&T-0038 “Joint Regional Range***

coordination Center — West” to E&T-0038R “Establish Eastern, Central and Western Joint Range Coordination Centers.”

- ***Approved selection criteria for use in building E&T 0010 with the additional of an attribute: Proximity to a commercial transportation.***
- ***Approved revisions to Scenario E&T 0010 – Joint Urban Operations Center of Excellence. The subgroup should rank locations and perform analysis using one location, two locations and all three locations.***

The next scheduled meeting of the E&T JCSG is Thursday, 10 March 2005.

Candidate # E&T 0018

Candidate Recommendation: Realign Goodfellow AFB, TX by establishing a Joint Center of Excellence for Intelligence Training. Realign NAS Oceana, VA (NAVSTA Dam Neck Annex), Point Loma, CA, and Fort Huachuca, AZ by relocating Intelligence courses currently taught there to Goodfellow AFB, TX. Provide by disestablishing all intelligence training at NAS Oceana, VA (NAVSTA Dam Neck Annex); Point Loma, CA, Fort Huachuca, AZ and consolidating at Goodfellow AFB, TX. The intent of this scenario is to consolidate like courses while maintaining service unique culture.

Justification

- ✓ Uses Inter-service Training Review Organization as the baseline
- ✓ Eliminates redundancy and cost
- ✓ Train as we fight “jointly”

Military Value

- ✓ Military Value:

	Initial Skills	Skills Progression	Functional
Goodfellow:	51.37	36.17	36.17
Point Loma:	32.80	43.10	46.13
NAS Oceana:	35.20	35.90	37.76
Fort Huachuca:	35.71	35.84	34.13

Payback

- ✓ One-time cost: \$606.023
- ✓ MILCON: \$419.254
- ✓ NPV \$353.903
- ✓ Payback Yrs/Break Even Yr: 100+/2106+
- ✓ Steady State - \$18.306
- ✓ Mil/Civ Reductions: 252/86

Address DoD IG Memo

- **Subj: Validation of Capacity and Military Value Data by SST (24 Feb 05)**
 - Did not have adequate audit trails
 - Did not adequately update the spreadsheets
 - Did not document quality assurance reviews
- **Corrective Actions**
 - Review of all identified discrepancies in progress
 - Documenting methodology and quality assurance reviews
 - Update/Correct Capacity and Military Value reports as appropriate
- **Assessment of audit findings indicates minor adjustments will be required to Capacity and Military Value Scores...do not expect changes in installation rankings**
 - **Note:** Capacity analysis review involves approximately 1M data cells
 - **Note:** Each data change impacts Military Value Score (scoring formula based on relative high/low attribute value)
 - **Note:** Navy reported by activity vice installation resulting in Military Judgment to determine data for Military Value data

Candidate # HSA-0131: Consolidate Counterintelligence Field Activity and Defense Security Service at MCB Quantico, VA.

Candidate Recommendation: Close leased space in Alexandria and Arlington, VA, and Linthicum, MD; and realign leased space in Arlington, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; and Elkrigde, MD, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating them under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, at MCB Quantico, VA.

<u>Justification</u>	<u>Military Value</u>
<p>✓ Mission consolidation eliminates redundancy, enhances efficiency.</p> <p>✓ Eliminates 407,141 GSF of leased space, 47 mil/civ positions.</p> <p>✓ Avoids \$15M and \$9M recurring lease and contractor costs.</p> <p>✓ Moves operations to AT/FP compliant location.</p> <p>✓ Enables Intelligence Reform and Terrorism Prevention Act of 2004.</p> <p>✓ Enables Remodeling Defense Intelligence initiative.</p> <p>✓ Centralizes management.</p>	<p>✓ MCB Quantico: 61/324.</p> <p>✓ CIFA Leased: 317/324.</p> <p>✓ DSS Leased: 320, 322/324.</p>
<u>Payback</u>	<u>Impacts</u>
<p>✓ One Time Cost: \$ 99.4 M</p> <p>✓ Net Implementation (Cost): \$ 16.4 M</p> <p>✓ Annual Recurring Savings: \$ 24.6 M</p> <p>✓ Payback Period: 3 Years</p> <p>✓ NPV (Savings): \$ 213.2 M</p>	<p>✓ Criterion 6: Arlington, VA – 518 jobs (295 direct, 223 indirect); Elkrigde, MD – 70 jobs (36 direct, 34 indirect); Alexandria, VA – 283 jobs (161 direct, 122 indirect); Long Beach, CA – 8 jobs (4 direct, 4 indirect); Smyrna, GA – 11 jobs (6 direct, 5 indirect); Columbus, OH – 260 jobs (143 direct, 117 indirect); Linthicum, MD – 90 jobs (46 direct, 44 indirect); each <0.1%.</p> <p>✓ Criterion 7: No issues.</p> <p>✓ Criterion 8: Pending.</p>

- ✓ Strategy ✓ Capacity Analysis / Data Verification JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
- ✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps

Range Subgroup

Mr. Jim Gunlicks

Range Subgroup

Agenda

- **Reassessment of E&T JCSG Range Scenarios**
 - **#0037: Joint Regional Range Coordination Center – East**
 - **#0038: Joint Regional Range Coordination Center – West**

- **# 0010 Joint Urban Operations Centers of Excellence**

- **Assessment of Potential Loss of Range Space through MILDEP Closures**

Range Subgroup

Strategy:

- **Ranges Subgroup (Two Functions: Tng & T&E)**
 - **Establish cross-functional/service regional range complexes**
 - **Highest capability: ground-air-sea**
 - **Preserve irreplaceable “one-of-a-kind”**
 - **Create new range capabilities for emerging joint-needs**

#0037/0038 & 0010 leverage MILDEP closures.

Registered Closure Scenarios (10Jan) w/Svc. Input

Range Subgroup

Reassessment of E&T JCSG Range Scenarios.

- #0037: Joint Regional Range Coordination Center – East**
- #0038: Joint Regional Range Coordination Center – West**

Issue:

OGC and OSD BRAC required a more compelling argument to justify action under BRAC.

Range Subgroup has met with OGC to reach the position we are recommending today.

Range Subgroup

#0037: Joint Regional Range Coordination Center – East

#0038: Joint Regional Range Coordination Center – West

Proposal: Combine #0037 and #0038 into #0038A*

- Merge into one CR, consolidating 2 coordination centers and 6 detachments with 162 total personnel into 3 coordination centers with 87 total personnel (29 at each coordination center).
 - Encompasses coordination of all US ranges.
 - Aligns closing installations by relocating selected management personnel to create Joint Range Coordination Centers.
 - Centers will be staffed with generalists and specialists.

* Can be combined with #0010

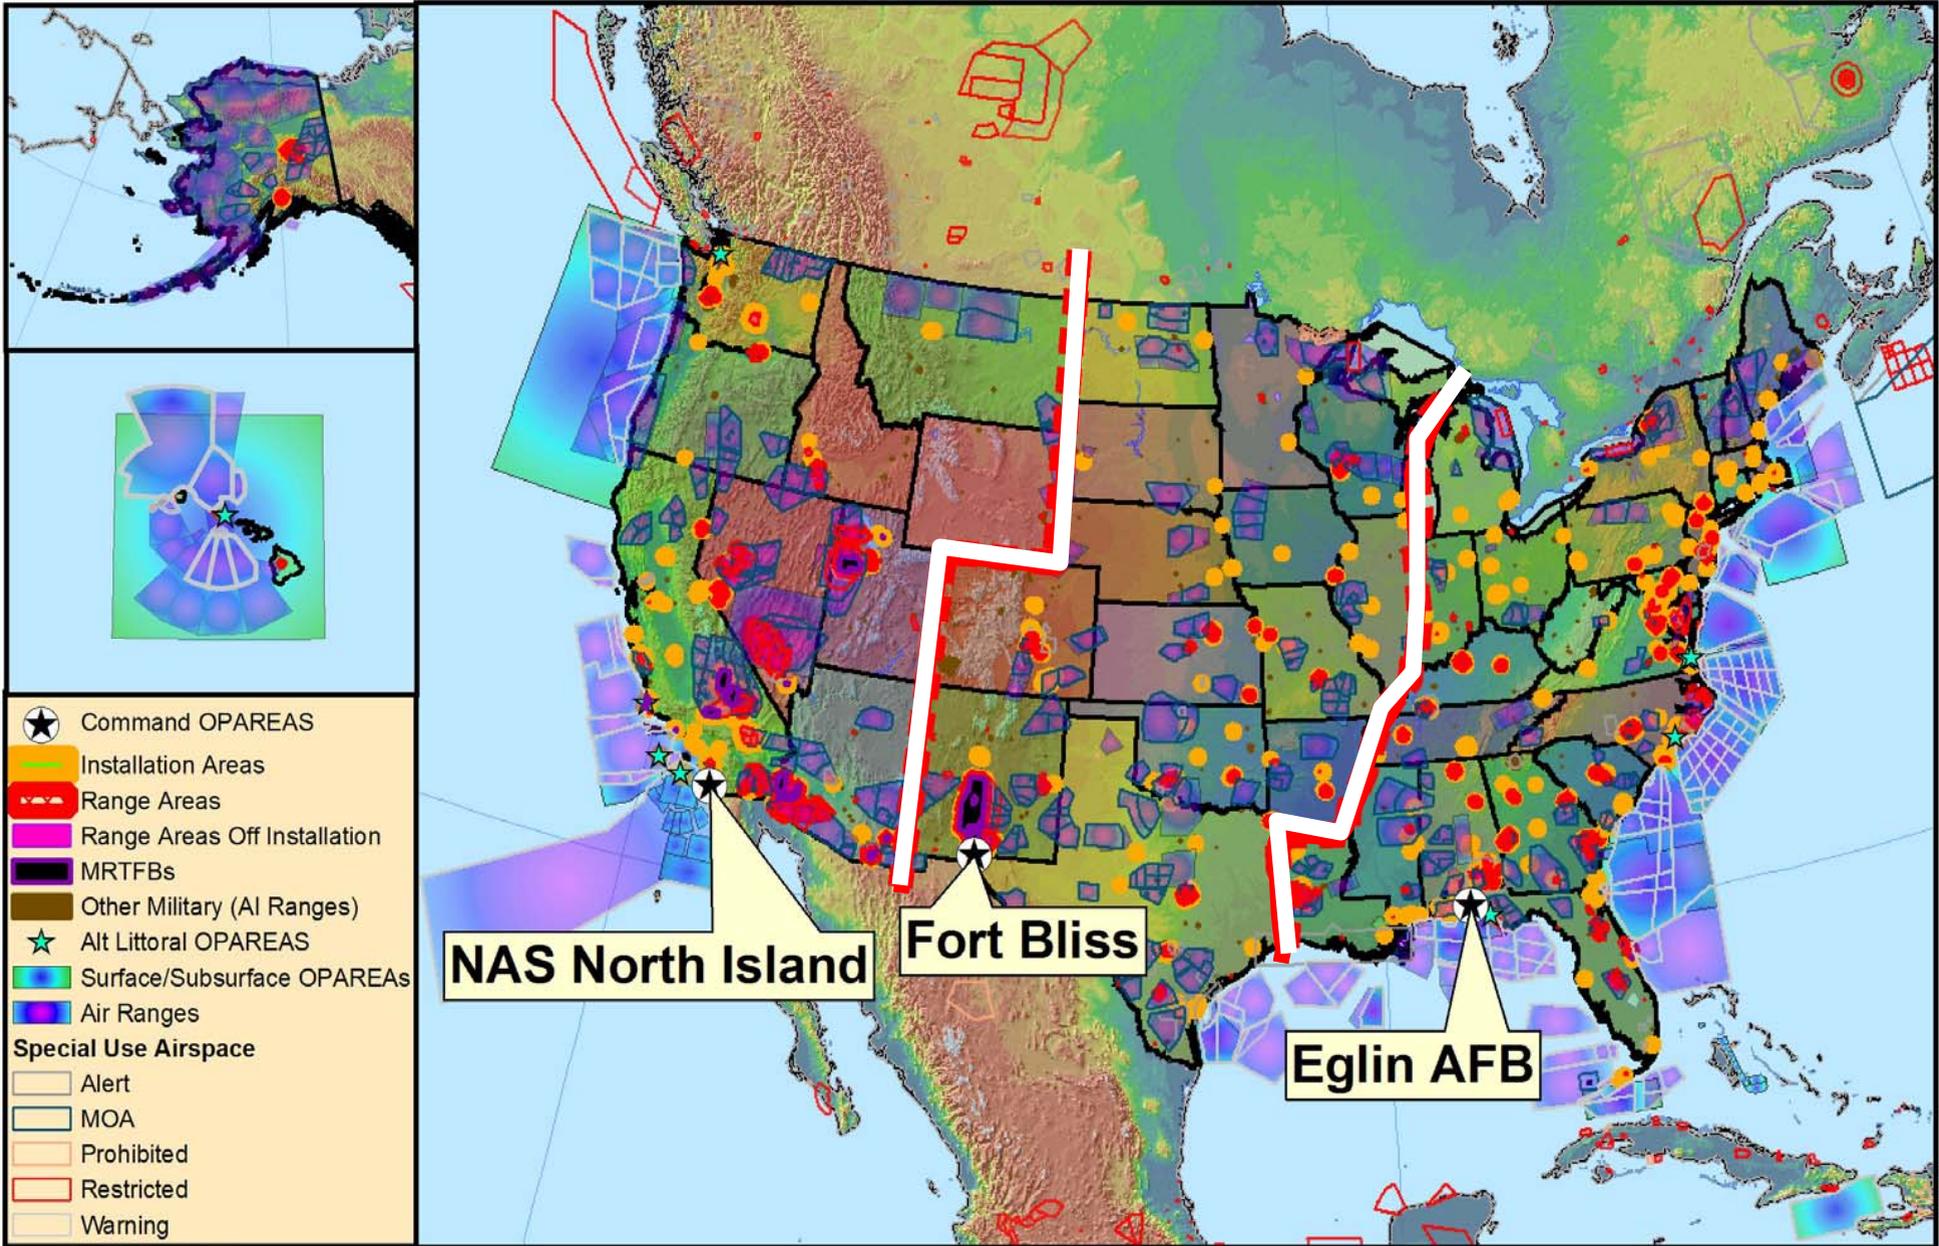

Title: Establish Three Joint Range Coordination Centers (East/Central/West)

<p style="text-align: center;">Proposal</p> <ul style="list-style-type: none"> ▪ Establish, under JFCOM, Joint Range Coordination Centers to facilitate installation management functions of ranges for joint operations and exercises. ▪ Realign closing installations by relocating selected staff to the three centers. ▪ Facilitates cross-functional and cross-Service range use for Training. ▪ Gaining: Eglin AFB, Ft Bliss, NAS North Island, ▪ Losing: See Table Chart for Losses 	<p style="text-align: center;">Drivers/Assumptions</p> <ul style="list-style-type: none"> ▪ Principles: Recruit/Train ▪ Transformational Option: #39 ▪ Will not disrupt current Training Missions. ▪ Supports DoD Training Transformation. ▪ The Coordination Center will not perform current Service-specific functions.
<p style="text-align: center;">Justification/Impact</p> <ul style="list-style-type: none"> ▪ Supports all Service and Joint large-scale range use. ▪ Simplifies coordination of large-scale exercises, across multiple ranges. ▪ Expands on and leverages existing formal and informal relationships. ▪ Supports DoD Training Transformation. ▪ Optimizes use of ground, air, and sea range space for both training and testing. ▪ Estimated 87 billets (civilian/military) from Services. 	<p style="text-align: center;">Potential Conflicts</p> <ul style="list-style-type: none"> ▪ Service cultural approach to scheduling/use.

Approved _____ Disapproved _____ Revised _____ Deferred _____

Range Subgroup

Recommendation:

Range Subgroup develop a CR for Joint Range Coordination Centers (#0038A)

- **Realign selected closing installations and relocate management staff to Eglin AFB, Ft Bliss, and NAS North Island to establish, under JFCOM, Joint Range Coordination Centers to facilitate installation management functions of ranges for joint operations and exercises.**

Range Subgroup

Timeline: #0038A

- 3 March – E&T Principals approve scenario #0038A
- 4 March – Scenario data call requests to MilDeps; **Range Subgroup develop COBRA data internally**
- 8 March – Binder to OGC
 - Inputs tabs in ISG tracker
 - Slides for ISG brief
 - Disk of ISG slides to CT
- 10 March – Brief CR to E&T Principals
- 11 March – #0038A input into portal
 - Binder to OSD BRAC
- 15 March – Brief ISG

NOTE: Assumes Range Subgroup permitted to develop COBRA data internally.

Range Subgroup

0010 Joint Urban Operations Centers of Excellence

E&T 0010

Title: Establish Joint Urban Ops Training Centers of Excellence

<p style="text-align: center;">Proposal</p> <ul style="list-style-type: none"> • Establish a Joint Urban Operations Training Center of Excellence at a suitable installation proposed for closure by one of the Services • Privatize the operation and maintenance of the facility (GOCO) • Provide a “turn key” facility meeting all Service and Joint Urban Operation live training requirements. • Establish an OSD executive agent to coordinate use and oversee contractor. • Retain small (7 pers) DoD Civ structure as management & QA/QC • Gaining: <ol style="list-style-type: none"> 1. NAS Pt Mugu 2. NAS Whiting 3. Cannon AFB • Losing: Same As Gaining • Integrate into the Navy and USAF closure CR for above installations. 	<p style="text-align: center;">Drivers/Assumptions</p> <ul style="list-style-type: none"> ▪ Transformational Option: #40 ▪ A suitable site meeting the following criteria will be proposed for closure: <ul style="list-style-type: none"> ▪ Sufficient ground space for maneuver ▪ Special Use airspace ▪ Impact area for live-fire ▪ Runway ▪ Proximity to coastline ▪ Cantonment area ▪ Minimal encroachment ▪ Proximity to enduring installation
<p style="text-align: center;">Justification/Impact</p> <p><u>Justification</u></p> <ul style="list-style-type: none"> • Establishes urban ops training center with minimal construction • Supports all Service and joint urban ops training tasks • Provide urban ops training capability without degrading service’s capability <p><u>Impact</u></p> <ul style="list-style-type: none"> • Full financial savings from closure of selected installation will not be realized 	<p style="text-align: center;">Potential Conflicts</p> <ul style="list-style-type: none"> • Service intent to close selected installation. • Installation will be closed from most perspectives – e.g., ability to support missions (other than live urban training), quality of life, military personnel support, etc; however, the installation would remain on DoD books with minimal DoD/Govt staff for oversight and QA/QC of contractor support operations.

Approved _____ Disapproved _____ Revised _____ Deferred _____

Range Subgroup: # 0010 Joint Urban Operations Centers of Excellence

A suitable site would meet the following criteria:

- Sufficient ground space for maneuver
 - Min 2000 Acres: YES/NO Criterion
- Special use airspace
 - Full value if over site
 - Partial value if near site or easily chartable
- Impact area for live-fire
 - YES/NO Criterion
- Runway
 - YES/NO Criterion
- Proximity to coastline
 - Within 100 mi: YES/NO Criterion
- Cantonment area
 - Min 50 bldg: YES/NO Criterion
- Minimal encroachment – subjective judgment until Criteria 8 run
 - Full value if no encroachment
 - Partial value if some encroachment
- Proximity to enduring installation
 - Full value if within 50 mi
 - Partial value if within 100 mi

Full Value	Partial Value	No Value
1	.5	0
YES		NO

Recommendations

- Retain physical plants, modify buildings/structures to provide UO training environment; retain 7 DoD Civilian site management staff per site; align under following enduring installations:
 - NAS Whiting Field under Eglin AFB
 - NAS Point Mugu under NAVBASE Port Hueneme (or San Diego)
 - Cannon AFB and Melrose Range under Ft Bliss (realign to Army)
- Integrate above #0010 provisions into MILDEP CR that recommend closure of NAS Whiting Field, Cannon AFB and NAS Point Mugu.
- If not supported by MILDEPs, provide an Issue Briefing to the ISG recommending realignment of NAS Point Mugu, NAS Whiting Field, and Cannon AFB as indicated above.

Range Subgroup

Timeline: #0010

- 3 March – E&T Principals approve scenario #0010
- 10 March – Integration into MILDEP CRs for closure of NAS Pt Mugu, NAS Whiting and Cannon AFB.
- 15 March – Issue Brief to ISG if MILDEPs do not support integration into closure CR.

Education & Training Joint Cross Service Group

E & T JCSG Principals Meeting 3 March 2005

The Army Basing Study Group

Agenda

- USA 0002 / E&T 0061 Consolidate the Armor Center and School with the Infantry Center and School to Create a Maneuver Center at Fort Benning
- USA 0004 / E&T 0062 Consolidated the Air Defense Artillery Center and School with the Field Artillery Center and School to Establish a Net Fires Center at Fort Sill
- USA 0051/ E&T 0063 Consolidated the Transportation Center and School and the Ordnance Center and School with the Quartermaster Center and School, the Army Management College, and the Combined Arms Support Command, to Establish Combat Service Support Center at Fort Lee
- USA 137 / E&T 0064 Consolidate the Aviation Logistics School with the Aviation Center and School at Fort Rucker

Candidate #USA-0002

Candidate Recommendation: Realign Fort Knox, KY, by relocating the Armor Center and School to Fort Benning, GA. Consolidate the Armor Center and School with the Infantry Center and School to create a Maneuver Center.

Justification

- ✓ Multi Service activity Consolidation
- ✓ Consolidates maneuver training and doctrine development
- ✓ Promotes training effectiveness and functional efficiencies
- ✓ Lowest One-Time Cost among alternatives

Military Value

- ✓ Fort Knox 12th of 99
- ✓ Fort Benning 9th of 99
- ✓ Creates space at Fort Knox for additional activities

Payback

- ✓ One-Time Cost: \$678.7M
- ✓ Net Implementation Cost: \$86.3M
- ✓ Annual Recurring Savings: \$160.5M
- ✓ Payback period: 3 years
- ✓ NPV (savings): \$1.39B

Impacts

- ✓ Criterion 6: -18911 jobs (12623 direct, 6288 indirect); 28.69%
- ✓ Criterion 7: Cost of Living, Education, and Safety issues. No impediments
- ✓ Criterion 8 - air quality, noise, & water issues. No impediments

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification (On going)
- JCSG Recommended
- De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification (On going)
- ✓ Criteria 6-8 Analysis
- De-conflicted w/Services

ROI Summary

C6 – Employment Change

Base	Direct Loss/Gain	Indirect Loss/Gain	Total Loss/Gain	%Of ROI Employment
USA 0002	Elizabethtown: -12,623	Elizabethtown: -6,288	Elizabethtown: -18,911	Elizabethtown: -28.69%
	Columbus: 10,469	Columbus: 4,457	Columbus: 15,106	Columbus: 9.24%

Notes:

Elizabethtown = Fort Knox KY in the Elizabethtown, KY Metropolitan Statistical Area

Columbus = Fort Benning, GA in the GA - AL, Metropolitan Statistical Area

C7 Issues – Profiles

- Issues identified in review of profiles:
 - Fort Benning, GA
 - Cost of Living
 - Education
 - Safety
 - Fort Knox, KY
 - None

C8 - USA-0002 Maneuver Center (Benning)

- Impact on air quality at Fort Benning due to increased population and training activity. This action will result in Fort Benning exceeding the permitted limits for CO and PM. However, Fort Benning currently has been granted exemptions to these limits. Air conformity determination and new permits or modification of current permit will be required.
- 1226 cultural resource sites listed, some of which restrict vehicle traffic and digging. Thirteen Native American tribes assert an interest in archeological sites on Fort Benning. Tribal negotiations may be required to expand use near listed areas.
- 9000 acres of Noise Zone 2 that extends outside the installation, which is moderately encroached by development. IENMP imposes a ban on firing .50 Cal or larger from 2300-0600 hours.
- 5 endangered species that impact less than 3% of its training land. The restrictions affect vehicle traffic and time limits on activity in proximity to habitat.
- Fort Benning discharges to an impaired waterway, and increased population and activity may add to pollutant load. Minor impacts due to water quality management are expected.
- No impact on dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; waste management; or wetlands.

Candidate USA 0002 Scenario Recap

- USA 0002:
 - Break Even in 3 years; favorable NPV in 20 years

TABS Scenario Recommendation

Recommended Approval

Candidate #USA-0004

Candidate Recommendation: Realign Fort Bliss, TX, by relocating the Air Defense Artillery (ADA) Center & School to Fort Sill, OK. Consolidate the Air Defense Artillery Center & School with the Field Artillery Center & School to establish a Net Fires Center.

Justification

- ✓ Multi Service activity Consolidation
- ✓ Consolidates Net Fires training and doctrine development
- ✓ Promotes training effectiveness and functional efficiencies
- ✓ Lowest One-Time Cost among alternatives
- ✓ Creates space at Ft. Bliss for other activities

Military Value

- ✓ Fort Bliss 1st of 99
- ✓ Fort Sill 20th of 99
- ✓ Military judgment that it does not adversely affect MV because it moves activities to and from installations w/in 1st quartile of Army Portfolio

Payback

- ✓ One-Time Cost: \$190.3M
- ✓ Net Implementation Costs: \$18.7M
- ✓ Annual Recurring Savings: \$46.38M
- ✓ Payback Period: 4 years
- ✓ NPV (savings): \$406.8M

Impacts

- ✓ Criterion 6: -6,020 jobs (3369 direct, 2651 indirect); 1.83%
- ✓ Criterion 7: Housing, Medical Health, Utilities, and Safety issues. No impediments
- ✓ Criterion 8: Noise Issues, no impediments.

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification (On going)
- JCSG Recommended
- De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification (On going)
- ✓ Criteria 6-8 Analysis
- De-conflicted w/Services

C6 – Employment Change

Base	Direct Loss/Gain	Indirect Loss/Gain	Total Loss/Gain	%Of ROI Employment
USA 0004	Lawton: 2,864	Lawton: 1,663	Lawton: 4,487	Lawton: 7.01%
	El Paso: -3,369	El Paso : - 2,651	El Paso : -6,020	El Paso : -1.83%

Notes: Lawton = Fort Sill, OK in the Lawton, OK Metropolitan Statistical Area
 El Paso = Fort Bliss, TX in the El Paso, TX Metropolitan Statistical Area

C7 Issues – Profiles

- Issues identified in review of profiles (handout):
 - Fort Sill, OK
 - Housing
 - Medical Health
 - Safety
 - Population Center

C8 - USA-0004 Net Fires Center (Sill)

- Limited impact on air quality at Fort Sill. Fort Sill is in attainment for all criteria pollutants. Additional operations appear to be within operating permit buffers.
- 365 cultural, archeological, or historical sites reported at Fort Sill which currently restrict construction and training/operations. Development of a Programmatic Agreement will be necessary to formalize mitigation measures and restrictions. In addition, eight Native American Tribes assert an interest in sites on Fort Sill. Tribal/government-to-government consultations may be required.
- Noise contours at Fort Sill currently extend outside the installation boundary and into a moderately populated area, a Noise Analysis and continuous monitoring efforts will likely be required.
- One listed species on Fort Sill (Black-capped Vireo) and one candidate species, with minimal current impact on operations. Additional operations may impact the Black-capped Vireo, possibly leading to restrictions on operations. Endangered Species Management (includes monitoring) will be required.
- No impact on dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; waste management; water resources; or wetlands.

Candidate USA 0004 Scenario Recap

- USA 0004:
 - Break Even in 4 years; favorable NPV in 20 years

TABS Scenario Recommendation

Recommended Approval

Candidate #USA-0051

Candidate Recommendation: Realign Fort Eustis, VA, by relocating the Transportation Center and School to Ft. Lee, VA. Realign Aberdeen Proving Ground, MD by relocating the Ordnance Center and School to Ft. Lee, VA. Realign Redstone Arsenal, AL by relocating the Missile and Munitions Center to Fort Lee, VA. Consolidate the Transportation Center and School and the Ordnance Center and School with the Quartermaster Center & School, the Army Logistic Management College, and Combined Arms Support Command, to establish a Combat Service Support Center at Fort Lee, VA.

Justification

- ✓ Multi Service activity Consolidation
- ✓ Consolidates CSS training and doctrine development
- ✓ Promotes training effectiveness and functional efficiencies
- ✓ Lowest One-Time Cost among alternatives

Military Value

- ✓ MVI: Aberdeen (18th), Redstone (30th), Fort Eustis (31th), & Fort Lee (34th) out 99 installations
- ✓ Military judgment that it does not adversely affect MV because it moves activities to and from installations w/in 1st or 2nd quartile of Army Portfolio

Payback

- | | |
|----------------------------|------------|
| ✓ One-Time Cost | \$872.4M |
| ✓ Net Implementation Cost | \$308.5M |
| ✓ Annual Recurring Savings | \$154.3M |
| ✓ Payback Period | 5 Years |
| ✓ NPV (savings) | \$1,127.4M |

Impacts

- ✓ Criterion 6: -2120 to 11840 jobs; -0.37% to 1.9%
- ✓ Criterion 7: Child Care, Housing, Population Center, and Transportation issues. No impediments
- ✓ Criterion 8: air quality, arch resource issues. No impediments

- | | | | |
|------------|----------------------------------------------------------|-------------------------|----------------------------|
| ✓ Strategy | ✓ Capacity Analysis / Data Verification (On going) | • JCSG Recommended | • De-conflicted w/JCSGs |
| ✓ COBRA | ✓ Military Value Analysis / Data Verification (On going) | ✓ Criteria 6-8 Analysis | • De-conflicted w/Services |

 - Ft. Lee, VA
 - Major issues are Housing and Transportation

C8 - USA-0051 CSS Center to Fort Lee

- May impact air quality at Fort Lee. Projected emissions from additional operations appear to exceed permit and Major Source thresholds for several pollutants.
- 24 cultural or archeological sites, and 3 historical properties listed, with some impact to mission/operations reported.
- Operations at Fort Lee are not currently restricted due to noise. However, noise caused by Ordnance School operations may result in significant impacts. A noise analysis and mitigation may be required.
- Bald Eagle habitat is found on Fort Lee, and it restricts less than 3% of its total land.
- Some impact on water resources at Fort Lee due to the increased in demand from incoming personnel. This recommendation may require upgrade of wastewater treatment plan. Water Quality Management and Waste Water Quality Management is reported to impact the mission.
- No impact on dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; waste management; or wetlands.

Candidate USA 0051 Scenario Recap

- USA-0051
 - Break Even in 5 years; favorable NPV in 20 years

TABS Scenario Recommendation

Recommended Approval

Candidate #USA-0137

Candidate Recommendation: Realign Fort Eustis, VA, by relocating the Aviation Logistics School to Fort Rucker, AL, and consolidating it with the Aviation Center and School.

Justification

- ✓ Single Service activity Consolidation
- ✓ Consolidates aviation logistics training & doctrine development with the aviation center & school
- ✓ Promotes training effectiveness and functional efficiencies
- ✓ Lowest One-Time Cost among alternatives

Military Value

- ✓ Fort Eustis 31st of 99
- ✓ Fort Rucker 32nd of 99
- ✓ Military judgment that it does not adversely affect MV because it moves activities to and from installations w/in 1st quartile of Army Portfolio

Payback

- ✓ One-Time Cost: \$469.4M
- ✓ Net Implementation Cost: \$185.5M
- ✓ Annual Recurring Savings: \$78M
- ✓ Payback Period: 6 years
- ✓ NPV: \$537.9M

Impacts

- ✓ Criterion 6: -5621 jobs (2673 direct, 2948 indirect); 0.57%
- ✓ Criterion 7: Child Care, Transportation, Medical Health, Population Center, and Employment Issues. No Impediments
- ✓ Criterion 8: No Impediments

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification (On going)
- JCSG Recommended
- De-conflicted w/JCSGs
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification (On going)
- ✓ Criteria 6-8 Analysis
- De-conflicted w/Services
