Hon. Anthony J. Principi, Chairman
Base Realignment and Closure Commission
2521 South Clark Street, Suite 600
Arlington, VA 22202

Dear Chairman Principi:

The more I read about the Pentagon's proposed BRAC list, the more certain I am that the Niagara Falls Air Base does not deserve to be on it.

I am finding it increasingly disturbing that the Northeast and Midwest are the prime targets for military base closings while the South stands to gain more than 10,000 defense jobs. I am perplexed, after reading numerous articles, how the Pentagon believes shifting the quantity and quality of personnel and resources from four seasons Niagara Falls to tornado prone Arkansas makes sense. I am challenged to understand how the Niagara Falls Air Base can rank so well and yet still appear on the BRAC list. Lastly, I cannot understand a strategy that concentrates so much of our military arsenal in a few locations. Does the Pentagon actually think our enemies are unaware of our military sites and wouldn't love having so much hardware and people conveniently compacted at a few locations?

The people of Niagara County are rightfully upset with the Niagara Falls Air Base appearing on the BRAC list. Thousands of residents and others will, if not already, be forwarding letters and petitions pleading that the Base remain open. The economic impact to our community is immense. But setting economics aside, what compels the Pentagon to punish bases that do an exceptional job at recruiting? New recruits are essential to our military and the Niagara Falls Air Base delivers them with ease.

The residents of New York State give more tax dollars to the federal government to support programs and services in other states than we get in return. New York State sends thousands of its young men and women to serve its military and when they return provides them health and financial services unmatched in the country. New York State has an active, exceptional and necessary air base in Niagara Falls that serves our nation and provides homeland security to one of the busiest international borders in America.

The BRAC commission needs to reassess the list presented them and recognize that an error has been made in including the Niagara Falls Air Base.

ALBANY OFFICE: Room 553, Legislative Office Building, Albany, New York 12248, (518) 455-5284
DISTRICT OFFICE: 1700 Pine Avenue, Niagara Falls, New York 14301, (716) 282-6062

I appreciate your attention and deliberation in this matter and look forward to the June 27 meeting in Buffalo, New York. Thank you.

Sincerely,

Francine
