The Honorable Anthony J. Principi
Chairman, 2005 Defense Base Closure and
Realignment Commission
2521 S. Clark Street, Suite 600
Arlington, VA 22202

Dear Secretary Principi:

Governor Warner asked that I advise you that the proposal by Arlington County concerning leased space is nearing completion. As you will remember, the Governor advised you on May 27th that the County hoped to have a final version by the middle of the month. The delay in the release of all BRAC supporting data by the Department of Defense unfortunately slowed the County's efforts to bring their work to a completion by today.

This effort is being given the highest attention by state and County officials and we want to assure you that our goal remains to provide the national BRAC Commission relevant data to support your continuing analysis of Department of Defense recommendations. Our goal is to have the final data to your staff by June 27, 2005.

Please do not hesitate to have staff contact our office if there are questions or additional information is required.

Sincerely,

George W. Foresman
