Received

Dear BRAC Commission Members,

I respectfully ask you to reverse the recommendation of the Secretary of Defense regarding closure of the New London Sub Base.

This base is an integral part of our community in southeastern Connecticut. The negative impact of closure on our local and state economy far exceeds the documented benefit to relocate our defense installations.

Thank you for your work and your consideration.

Sincerely,

Dear BRAC Commission Members,

I respectfully ask you to reverse the recommendation of the Secretary of Defense regarding closure of the New London Sub Base.

This base is an integral part of our community in southeastern Connecticut. The negative impact of closure on our local and state economy far exceeds the documented benefit to relocate our defense installations.

Thank you for your work and your consideration.
