BRAC Commission

Received

Dear Sir,

I thought you would like to know. The Denver City Council, according to yesterdays issue of the Rocky Mountain News, Approved by a large margin, building near Denver International Airport.

Much to my surprise the Adams County Commissioners Office reports not one single phone call on the subject.

This certainly surprises me after all you and the other BRAC Commissioners went through with the Naval Base in Virginia. Which by the way I totally support what you did. I am retired Air Force and Safety in pilot training is a must.

Thanks for you service and all the best to you and yours.

Sincerely,

Harry L. Jones
M/Sgt USAF (Ret)
