Dear Mr. Principi:

I completely disagree with the closing of the Niagara Falls Air Force Base. If you close this base there will be several negative effects because of it.

If you close the base there will be a negative economic impact. Many of the people who lose their jobs will be forced to move out of the area. This will cause their kids to have to change schools, leave their old friends, and start their lives all over. The closing of this Air Force Base will also cause small restaurants and business, around the base, to lose customers and money and possibly even close.

Thank you for taking the time to read this letter. I strongly disagree with your thoughts of closing the Niagara Falls Air Force Base. This would cause several negative changes to many different people. Nothing positive could come from this. Please do not close the Niagara Falls Air Force Base.

Sincerely,

Megan Kelly
