I am writing to you as a former but native resident of North Tonawanda, NY. I urge you to do all that is possible to maintain the Niagara Falls Air Reserve Station.

My concern is about maintaining a strong boarder presence to secure our nation. By closing the Air Reserve Station we advertise to the world that our boarders are penetrable I realize that the Station is not predominately there for boarder control but its presence there has a much greater effect that we may be neglecting to realize.

I hope you hear me.

Sincerely,
