Dear Sirs:

I have lived in Clovis, NM, for five years. I have seen this town blossom over the past two years. New, national businesses have come to Clovis providing jobs and enriching the community. Not only is this a joy to Clovis citizens, but a larger city is needed in Eastern New Mexico. We draw in people from many small towns around the area.

I am concerned that closing Cannon Air Force Base will cause our community to decline. We will also miss Cannon Air Force members as they have become an important part of our community.

Please keep Cannon Air Force Base open.

Thank you.

Sincerely,

Lorraine Johnson
