

To the BRAC Commission:

I am Manuel Olivas Jr. from Portales, New Mexico, and I am 20 years old. I am writing for I am wanting to get involved. We all need Cannon Air Force Base open for many reasons. I feel that I need to get involved for the sake of our community. The community has meetings, but I do not attend. Furthermore, I write anyway to be involved. Cannon is very important for the military living in the surrounding area. It is very helpful as far as the Anti-Terrorism Campaign goes. I had been keeping in touch with the FBI in Albuquerque and Santa Fe New Mexico, as well as the New Mexico State Police. Cannon is in need for jobs concerning citizens and military. The public and community would feel much safer. God is our shield and He is our protection. Angels are watching over this state, this country, as well as our ground. He is Always there. One Nation Under God. Anything is possible with Him in our hearts. I have Heart, but it is all because of Him. If it wasn't for Him, I would not be, nor would I have this very day. I Love Him, and I Love this State. Most of all...

I Love this country. I Love God.  
I am sure we all do. Not to disrespect  
Sir, but I want to fight to keep  
Cannon Air Force Base open. We need the  
community. We need the military by  
our side, close at hand with heart.

We are a very small community, but  
we treat each other as a family with  
friendship. We can do better, but if  
better is not best, then we can do  
our best at it's best. We love  
this country and we love our  
F-16's, but whatever God has  
planned, we will listen, we will  
keep our eyes peeled, and we will  
never stop believing.

God Bless You All Always

Sincerely,  
Manel Oliver Jr.  
Manel Oliver Jr.

P.S. Please...

God Bless
