Date 6/3/05

To whom it may concern

Please don't close the Niagara Falls Air Force Base because many people will lose their jobs and it's going to take a long time to find another. I have a very very nice teacher in our school and her name is Mrs. Cirranni and she doesn't want to move and I don't neither her husband don't so don't make them move or I will be upset with you because people will have to do all of that work and going out to find houses and people now if we tried to do that you will be mad to just like us so please don't close the Niagara Falls Air Force Base.

OR Tear will come on my eyes

Sincerely
Terra
Hanson
