

BRAC Commission,

I am only 15 years old but the closer of Cannon Air Force Base will greatly impact my life. I have many friends who I do not want to see move before graduation and they do not want to move. Clovis is a great town for kids and has good schools. Clovis has a nationally recognized band and it will be greatly affected by not having the extra students from the base. My Dad is self employed and relies on business from the military. I would hate to see him worry over money. I can not imagine seeing empty buildings from businesses closing. My little sister is 10 years old and cries when thinking about some of her best friends having to move. I do not know if you care about what a teenager thinks or how this will affect our lives but I hope you do.

Sincerely,

A handwritten signature in black ink that reads "Tyler Albracht". The signature is written in a cursive style with a long horizontal stroke extending to the right from the end of the name.
