Dear Niagara Air base

RECEIVED  
06302005

- We should not close the Niagara Falls Air base because the air base protects the country and goes to war to save our country. They do ~~not~~ want us to have freedom. The Niagara Falls area gives water and electricity. New York state is in debt because they are closing so many jobs. People need jobs and the Niagara Falls Air base is a perfect opportunity. What would happen to the people who work there now if New York closes it? What would New York do with all the equipment? What would New York do with all the space? I hope that I am not the only one writing a letter.

- I want to be a marine when I grow up and what if I have no where to go? I am a young Marine.
