The Honorable James L. Bilbray,

I have concerns about the BRAC Commission's decision to close Cannon Air Force Base.

Perhaps the Commission is not fully aware of the attributes Cannon offers our national defense. These include air space, close bombing range, ideal flying weather year-round, to name a few.

The closure of Cannon will also impact our economy in a negative way. Cannon has been a major part of this area's "family" for over 50 years. It has been estimated that this area will lose over 20% of our work force as well as the effect on public and higher education.

Please reconsider all the facts before making a final decision.

Respectfully yours -

Linda Hamrick

General James T. Zell

I have concerns about the BRAC Commission's decision to close Cannon Air Force Base.

Perhaps the Commission is not fully aware of the attributes Cannon offers our national defense. These include abundant air space, close bombing range, ideal year-round flying weather, to name a few.

The closure of Cannon will also negatively impact this area's economy. It has been estimated that this area will lose 20% of its work force. The closure will also have a ripple effect on public and higher education.

Please reconsider all the facts before making a final decision on the closing of Cannon AFB.

Respectfully,
Linda Fenwick

The Honorable Philip Coyle -

I have concerns about the BLAC Commission's decision to close Cannon Air Force Base.

Perhaps the Commission is not fully aware of the attributes Cannon offers our national defense. These include air space, close bombing range, ideal year-round flying weather, to name just a few.

The closure of Cannon will also negatively impact this area's economy. It has been estimated that this area will lose 20% of its work force. The closure will also have a ripple effect on public and higher education.

Please reconsider all the facts before making a final decision on the closing of Cannon AFB.

Respectfully,

Linda Henwick
