

BRAC Commission
Received
6/17/2005

June 7, 2005

Mr. & Mrs. Ernesto Pinon
616 Sara Layne
Clovis, New Mexico 88101

The Honorable James V. Hansen,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military value to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripple effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

Ernesto Pinon

Clovis, New Mexico 88101

06102005

Brigadier General Sue E. Turner,

I am very concerned about the decision to close Cannon Air Force Base.

I do not believe the Commission is completely aware of the many pluses that Cannon has for training our Air Force pilots including ideal flying weather year-round, space to fly at supersonic speeds, a bombing range close by, a huge amount of air space, and many other pluses.

In addition to the military value, Cannon has been supported over the last fifty years by the local communities of Clovis and Portales. Our towns feel that Cannon is a part of our communities. On a personal level my son will have an extremely hard time since he has met and has a close relationship with his Boy Scout leaders who are mostly from Cannon. My daughter has many friends and school mates who are from military families.

The closure of Cannon will also have a huge impact on the two communities of Clovis and Portales. It is estimated the area will lose at least twenty percent of its workforce, plus the domino effect that we will have on our public and higher education systems.

Please consider all the facts before making your final decision.

Respectfully Yours,

Richard and Dainna Powers

06022005

The Honorable Philip Coyle,

I am very concerned about the proposal to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round weather, among others.

In addition to the military value to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripple effect that we will have on our public and higher education systems.

Please consider all the facts before making your final decision.

Respectfully Yours,

Portales, NM 88130

Admiral Harold W. Gehman Jr.

I am very concerned about the proposal to close Cannon Air Force Base. I do not believe the commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal-year-round flying weather, among many others.

In addition to the military value to the nation, Cannon has been supported over the past 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripple effect that we will have on our public and higher education systems.

Please consider all the facts before making your final decision.

Respectfully Yours,

Martie Hiner

06072005

The Honorable Anthony J. Principi,

I am very concerned about the decision to close Cannon Air Force Base.

I do not believe the Commission is completely aware of the many pluses that Cannon has for training our Air Force pilots including ideal flying weather year-round, space to fly at supersonic speeds, a bombing range close by, a huge amount of air space, and many other pluses.

In addition to the military value, Cannon has been supported over the last fifty years by the local communities of Clovis and Portales. Our towns feel that Cannon is a part of our communities. On a personal level my grandson will have an extremely hard time since he has met and has a close relationship with his Boy Scout leaders who are mostly from Cannon. My granddaughter has many friends and school mates who are from military families.

The closure of Cannon will also have a huge impact on the two communities of Clovis and Portales. It is estimated the area will lose at least twenty percent of its workforce, plus the domino effect that we will have on our public and higher education systems.

Please consider all the facts before making your final decision.

Respectfully Yours,

Two handwritten signatures in black ink. The first signature is on the left and the second is on the right. Both appear to be cursive and represent the names of the signatories.

Admiral Harold W. Gehman, Jr.
BRAC Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Admiral Gehman, Jr.:

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

I want to help make the Commission fully aware of the unique attributes that Cannon offers to our national defense. These include unencroached airspace suitable for training at supersonic speed, many new and existing facilities suitable for joint training exercises, and a low-cost environment that promotes cost-efficient training. Cannon is a real asset to the country's armed forces.

Whether or not Cannon's military value has been recognized yet in Washington, out here we really appreciate the base. The local community has been uniquely supportive, donating time and land to promote the base's needs. We have also welcomed the personnel.

The many veterans in the area make it clear that they feel at home here. We consider Cannon and its retirees a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage out of line with the effect of base closings in other communities. Cannon is critical for us.

I invite you to come personally to the Cannon hearing in Clovis. I ask you please to reconsider Cannon's importance to the nation and to my community. Please, let us KEEP CANNON!

Sincerely,

Sylvia J Saiz
PO Box 148
Santa Rosa, NM 88435

PS. On a personal note, I have retired Uncles and Aunts that depend on Cannon Air Force Base for their medical needs, medical prescriptions and retired privileges and utilize the commissary for other personal needs. This is an advantage to them as the commute to any other AFB is too far from their hometown of Ft Sumner and Santa Rosa.

David Thompson
PO Box 849
Clovis, NM 88101

Brigadier General Sue E. Turner,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon brings to our national defense. These include an abundance of air space and no engine test cell issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

BRAC Commission
page 10 of 11
6/14/2005

In addition to the military values to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripples effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military values to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripples effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

6/14/2005

Brigadier General Sue E. Turner,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military values to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripples effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

BRAC Commission

These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military values to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripples effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

Marvin Romero

The Honorable Philip Coyle,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military values to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripples effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

Marvin Romero

Clovis, New Mexico 88101

General James T. Hill,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. These include an abundance of air space and no encroachment issues, a bombing range that is only seconds away, the airspace to fly at supersonic speeds, and ideal year-round flying weather, among many others.

In addition to the military value to the nation, Cannon has been supported over the last 50 years by the local communities like no other in the country. We consider Cannon a part of our family.

The closure of Cannon will also have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, plus the ripple effect that we will have on our public and higher education systems.

Please reconsider all the facts before making your final decision.

Respectfully Yours,

Ernesto Pinon
