

DEPARTMENT OF THE AIR FORCE
WASHINGTON DC

DCN: 8921

OFFICE OF THE ASSISTANT SECRETARY

22 JUN 2004

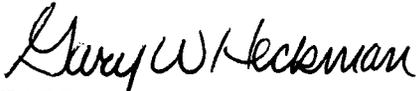

MEMORANDUM FOR ACTING USD (AT&L)

FROM: SAF/IEB
1665 Air Force Pentagon
Washington DC 20330-1665

SUBJECT: JCSG Capacity Questions

On behalf of the USAF ISG Principals, the Air Force "concur with comment" to the release of the second increment of capacity questions to our installations for: Headquarters & Support Activities, Industrial, Medical, and Education & Training. The Air Force "non-concurs" with release of the Supply & Storage questions until these questions are restructured. At attachments, please find comments from the following JCSGs: Headquarters & Support Activities, Industrial, Medical, Supply & Storage, and Education & Training. We believe several questions require editing prior to release to AF installations. Further, we will be unable to answer 63 of these questions, listed in attachment 6, due to ambiguity or lack of sources. We identify these in our comments and identify workarounds we intend to use, where possible.

Our POC is Col Tom Fleming, SAF/IEBB, 703-692-9515.

GARY W. HECKMAN
Major General, USAF
Assistant DCS, Plans & Programs (BRAC)

GERALD F. PEASE, JR..
Deputy Assistant Secretary
(Basing & Infrastructure Analysis)

Headquarters and Support Activities JCSG
CDC #2 Capacity Question Review by AF

1. HSA012: Add the following under Source/Reference: Real Property Records, Record Drawings, field surveys, and Unit Manning Documents. Rationale: Clarifies source.
2. HSA013: This question should not be directed to the Air Force. This question is included within HSA014-027 which is directed at AF only. Suggest you remove the following from the end of the question: (including numbered Air Force, MAJCOM HQ, DRUs and FOAs) and change your targets to delete AF installations. Rationale: Would be duplicative for AF.
3. HSA014-HSA-027:
 - a. Add this sentence to beginning of each question: “This question should be answered for those activities listed in the Amplification by their respective Reporting Agency (RA).”
Rationale: This will ensure the activities listed in PB22 and DoD 5100.73 are targeted to respond.
 - b. Add this list under the Amplification section: **RA HQ ACC**: 12th AF, 9th AF, Air and Space Expeditionary Force Center; **RA HQ AFMC**: HQ AFMC; **RA HQ AFSOC**: HQ AFSOC; **RA HQ AETC**: HQ AETC; **RA AF/ CV**: AF Doctrine Center, AF Studies and Analyses Agency; **RA AF/DP**: AF Manpower and Innovation Agency, AF Personnel Center, AF Personnel Operations Agency; **RA AF/HO**: AF Historical Research Agency; **RA AF/IL**: AF Center for Environmental Excellence, AF Civil Engineer Support Agency, AF Logistics Management Agency, AF Real Estate Agency, AF Services Agency, AF Pentagon Communications Agency; **RA AF/JA**: AF Legal Services Agency; **RA AF/SE**: AF Safety Center; **RA AF/SG**: AF Medical Operational Agency, AF Medical Support Agency; **RA AF/TE**: AF Operational Test and Evaluation Center; **RA AF/XI**: AF Agency for Modeling and Simulation, AF Communications Agency, AF Frequency Management Agency, AF C2 Intel Surveillance & Reconnaissance Center; **RA AF/XO**: AF Flight Standards Agency, AF National Security Emergency Preparedness Agency (Atlanta, GA and Wash D.C.), AF Nuclear Weapons and Counterproliferation Agency, AF Operations Group, AF Security Forces Center, AF Technical Applications Center, AF Weather Agency; **RA HQ AFRC**: HQ Air Reserve Personnel Center; **RA HQ AFSC**: HQ AFSC, 14th AF; **RA HQ AMC**: HQ AMC, Air Mobility Warfare Center; **RA SAF/AA**: AF Executive Dining Facilities; **RA SAF/AG**: AF Audit Agency; **RA SAF/AQ**: AF Program Executive Offices; **RA SAF/FM**: AF Cost Analysis Agency; **RA SAF/IE**: AF Real Property Agency; **RA SAF/IG**: AF Inspection Agency, AFOSI (Andrews AFB); **RA SAF/MR**: AF Review Boards Agency; **RA SAF/PA**: AF News Agency. Rationale: This will ensure the activities listed in PB22 and DoD 5100.73 are targeted to respond.
 - c. Add the following under Source/Reference: Real Property Records, Record Drawings, field surveys, and Unit Manning Documents. Rationale: Clarifies source.
4. HSA026: Change definition to read: Supply and Support Services = The acquisition of services and the acquisition, storage, and dissemination of supplies, equipment, furnishings, and for non- real property installed equipment accountability and maintenance. Rationale: Deconflicts Facility Management function with Supply and Support Services function.

- 5 HSA028: Delete “Use current authorization documents” and add ...”as of 30 Sep 03” to end of each question. Rationale: Will ensure we obtain consistent data.
- 6 HSA030: Delete the words “train up” from the question. Rationale: Many installations can receive, lodge, and feed—but not train deploying troops.
- 7 HSA032: Add to Source/Reference the following: Installation Chemical, Biological, Radiological, Nuclear, and Explosives (CBRNE) Manager
8. HSA037: Change definition to read: “Special Project is defined as unspecified minor construction projects which exceed \$750,000 (except for projects intended solely to correct a deficiency that is life, health, or safety threatening, in which case the cost may not exceed \$1,500,000), Military Construction (MILCON) projects, and repair projects which exceed \$5,000,000.” Rationale: Clarifies.

JCSG CAPACITY QUESTION REVIEW BY ILE

JCSG: Industrial

Question #	ILE COMMENTS	JCSG Action		Change Made?
IND 001 - 003	We cannot answer this question without a source. Please add the source document you want the Services to use. Will filling in this table make the questionnaire classified?			
IND 004 - 006	We cannot answer this question without a source. Please add the source document you want the Services to use.

Education and Training JCSG
CDC #2 Capacity Question Review by AF

1. EDT 306 - 312 and 314 - 356: Please add sources for each question. We cannot answer unless a source is provided.
2. EDT 012 and 066
 - a. The AF does not evaluate the condition of space within a facility; we will provide the condition code for the overall facility housing this space.
3. EDT 313: Provide clarification if ordnance clearing included in range maintenance? Recommend this be added to the Amplification.
4. EDT 315: Provide clarification if this includes maintenance and repair on utility systems, or does this just include unscheduled outages? Appears there may be a possibility for double counting with question EDT 313. Recommend this be added to the Amplification.
5. EDT 066:
 - a. Define PDE (Professional Educational Development) in the amplification.
 - b. Provide amplification / clarification for “For each building associate by program and break out by rooms by student size subcategory.” Is the answer to Column 3, Classroom Size, in square feet or occupancy, i.e., 20 students or 30 students. If the answer is SF, specify to use either net SF or gross SF in the amplification.
 - c. Add the following under Source/Reference: Real Property Records, Record Drawings, and Field Surveys.
6. EDT 387: Provide clarification for “restricted from use” in the amplification. Does this include permanent restrictions, temporary restrictions, locally imposed, or only restrictions imposed by “higher authority” (community, state, other agency, statutory, etc.).
7. EDT 389: For USAF add the following to Source/Reference: real property records, ACES-PM, and DoD Facility Pricing Guide, Vol 6.
