

Dear Mr. Lehman,

I am a housewife who lives and had lived in Clovis, N.M. for 31 years. This is my home, the place I have raised my children. It holds my past, my present and I thought my future. I now realize you hold my future - You and 8 other BRHC Commissioners.

You will receive many letters telling you how valuable Cannon Air Force Base is to the future of our Country. Each one will speak the truth. However, I am not qualified to explain all the many reasons why Cannon is valuable as a base, but I am qualified to tell you why it is valuable to our town and the communities around it.

Clovis is a small eastern N.M. town - one with little voice in this big world we live in. Yet people like you who have given their lives to be of service to our Country, by leading and directing us, give me hope that our voice will be heard.

The closing of Cannon will end my life as I know it. Many of us will lose our businesses, our homes

and our friends. Most of all we lose
our futures. The economic impact
to Clunes is twice that of any other
areas considered for closing. I want to
believe you care about this. I truly
believe you would do all you could
to stop someone from taking your
home and your livelihood away from
you, even if it was the U.S. Government.

I ask only that you consider
all the facts about Cannav and Clunes
with an open mind and to let your
legs and heart focus only on the truth.

May God bless you as you
endeavor to do your job.

Thank you for your time,

Jan McKay

Dear Mr. Turner,

I am a housewife who lives
and has lived in Clovis, NM for 31 years.
This is my home, the place I have raised
my children. It holds my past, my
present and I thought my future. I now
realize you hold my future. You and 8 other
BLAC Commissioners.

You will receive many letters telling
you how valuable Cannon Air Force Base
is to our Country. Each will speak the truth.
However, I am not qualified to explain
the many reasons Cannon is a valuable
base, but I am qualified to tell you
why it is valuable to our town and the
communities around it.

Clovis is a small eastern New Mexico
town - one with little voice in this big
world we live in. Yet people like you
who have given their lives to the service
to our country, by leading and directing
us, give me hope that our voice will
be heard.

The closing of Cannon will end my
life as I know it. Many of us will lose
our business, our homes and our friends.
Most of all we lose our futures. The
economic impact to Clovis is twice

that of any other area being considered for closing. I want to believe you care about this. I truly believe you would do all you could to stop someone from taking your home and your livelihood away from you, even if it was the US Government.

I am asking that you consider all the facts about Cannon & Cloris with an open mind and to let your eyes and heart focus only on the truth.

Pray God bless you as you endeavor to do your job.

Thank you for your time,

Jan McKay
