Received

The Honorable Anthony J. Principi, Chairman  
2005 Defense Base Closure and Realignment Commission  
2521 S. Clark St., Ste 600  
Arlington, VA 22202

Dear Chairman Principi,

I am writing to you regarding your upcoming decision dealing with the Niagara Falls Air Reserve Station.

I have taken the liberty of compiling 18 resolutions in support of the Niagara Falls Air Reserve Station for your review. These resolutions reflect the continued support throughout the community to save this regional asset.

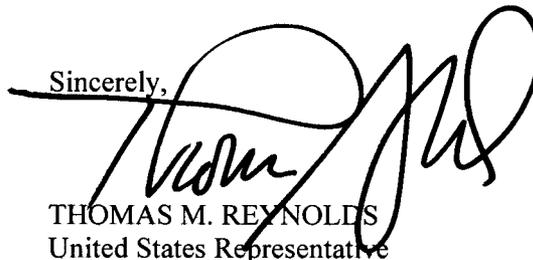

The 914<sup>th</sup> Airlift Wing at Niagara is currently being re-mobilized for its 3<sup>rd</sup> tour in Iraq. The 914<sup>th</sup> is the first Air Reserve unit to return to Iraq for the third time, which underscores its military value.

I think this speaks volumes about the character of the citizen soldiers of Western New York who depart for duty in Iraq without hesitation or complaint, all this while awaiting word on the future of their home and their jobs at the Niagara Falls Air Reserve Station.

The Niagara Falls Air Reserve Station and military units in Western New York play a critical role in the economic health of Western New York. With its work force and annual payroll, plus the significant numbers of local contractors that perform services at the Niagara Falls Air Reserve Station, the overall economic impact of the base is vital.

Please let me know if there's any more information I can provide you with or any further help I can give during this important process. I appreciate your efforts on behalf of our Armed Forces and our nation; and I have no doubt you will reach a decision that benefits both the military and the American people.

Sincerely,

THOMAS M. REYNOLDS

SUPPORT OF NIAGARA FALLS AIR RESERVE STATION

WHEREAS, the Federal Base Closure and Realignment Commission has included the Niagara Falls Air Reserve Station on its list for consideration of closure in 2005, and

WHEREAS, the effect of that closure would be devastating to the Western New York Community and especially Niagara County, including serious national and local security issues, and adverse social and economic impacts on the County (with the economic impact on Western New York exceeding \$150,000,000 annually), and

WHEREAS, the Niagara Air Reserve Station is the second largest employer in Niagara County, employing nearly 3,000 people and the closure of this Base would mean the loss of these crucial jobs, and

WHEREAS, the Combined Annual Payroll of the Niagara Falls Air Reserve Station exceeds \$50,000,000, and

WHEREAS, the estimated Annual Payroll of Indirect Jobs created by the Niagara Falls Air Reserve Station exceeds \$20,000,000, and

WHEREAS, the Niagara Falls Air Reserve Station generates fully 10% of Niagara County's overall net income, and

WHEREAS, the Niagara Falls Air Reserve Station's proximity to the United States-Canadian International Border serves an integral and strategic security function for the Northeastern United States, now, therefore, be it

RESOLVED, that the Niagara County Legislature urges the Federal Base Closure and Realignment Commission and the United States Department of Defense, for the above noted reasons, to remove the Niagara Falls Air Reserve Station from the 2005 closure list, and be it further

### RESOLUTION SUPPORTING CONTINUED OPERATIONS AT THE NIAGARA FALLS AIR RESERVE STATION

**WHEREAS**, the Niagara Falls Air Reserve Station in Niagara Falls, New York was established some 50 years ago to assist the United States in protecting our country, and

**WHEREAS**, presently, the Niagara Falls Air Reserve Station is home to the 914<sup>th</sup> Air Lift Wing, the 107<sup>th</sup> Air Refueling Wing, 865<sup>th</sup> Support Hospital, 288<sup>th</sup> Quartermasters and the Military Processing Site, and

**WHEREAS**, the Niagara Falls Air Reserve Station employs 3,000+ full-time and part-time military and civilian personnel; is Niagara County's second largest employer; and has an estimated \$153 million economic impact to Western New York businesses, and

**WHEREAS**, the Niagara Falls Air Reserve Station has admirably served our country and the Western New York region during the Korean War, Vietnam War, wars in the Middle East, the war in Iraq, as well as providing troops, equipment and supplies for humanitarian aid throughout the world, and

**WHEREAS**, the United States Department of Defense recently recommended that the Niagara Falls Air Reserve Station be closed, and referred such recommendation to the Base Realignment and Closure Commission ("BRAC Commission"), and

**WHEREAS**, the BRAC Commission will be reviewing such recommendations, and will forward its report to President George W. Bush by September 8, 2005; President George W. Bush will have until September 23, 2005 to accept or reject the recommendations; and then Congress will have 45 legislative days to reject the recommendations or they become binding on the Department of Defense, and

**WHEREAS**, the Niagara Falls Air Reserve Station is located in a unique strategic geographic location in upstate New York, and serves to assist in border crossings from Canada, especially in the era of concern about Homeland Security and Global War on Terrorism, and

**WHEREAS**, the Niagara Falls Air Reserve Station has the necessary trained, motivated and ready airmen and soldiers needed to defend our Nation; and has the employees training in night vision reconnaissance, and

**WHEREAS**, the following are additional reasons why the Federal Government should disregard the BRAC Commission recommendation and keep the Niagara Falls Air Reserve Station open:

1. Closure of the Niagara Falls Air Reserve Station would reduce the Air Force presence in New York by 40%, and eliminate the last Federal Air Force flying mission in New York State;
2. Since 1995, the Niagara Falls Air Reserve Station has been modernized with \$35 million in new facilities and lengthened runways which have improved the operational effectiveness of the wings. The Niagara Falls Air Reserve has also reduced its Base Operations Support costs by 33% (including a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command;
3. Closure of the base would also eliminate the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates;

4. Niagara Falls' existing infrastructure can accommodate 8 additional C-130H model aircraft without any military construction;
5. Niagara Falls faces no physical encroachment nor air traffic control constraints, and has acreage on the base and adjacent to the installation for expansion.

**NOW, THEREFORE, BE IT**

**RESOLVED**, that this Town Board hereby memorializes the BRAC Commission, the US Department of Defense, the United States Congress, The United States House of Representatives and United State President George W. Bush to remove Niagara Falls Air Reserve Station from the recommended list of base closures and to stop the continuing retreat of servicemen and employees from our region of the country, and **BE IT FURTHTER**

**RESOLVED**, that the Town Clerk be and is hereby authorized and directed to forward certified copies of this resolution to the BRAC Commission, 2521 South Clark Street, Suite 600, Arlington, Virginia 22202; President George W. Bush, The White House, 1600 Pennsylvania Avenue, Washington, D.C. 20500; Senator Charles E. Schumer, 520 Hart Office Building, Washington, D.C. 20510; Senator Hilary Rodham Clinton, 476 Russell Office Building, Washington, D.C. 20510; Congressman Brian M. Higgins, 431 Cannon House Building, Washington, D.C. 20515; and John A. Cooper, Sr., Vice Chairman, NIMAC, P.O. Box 321, Niagara Falls, New York 14304-0231.

I hereby certify that the following Resolution was adopted at a Meeting of the City Council held on May 17, 2005.

RESOLUTION No. 2005 – 38

RELATIVE TO  
THE NIAGARA FALLS AIR BASE STATION

BY:

Council Chair Charles A. Walker  
Council Member Robert Anderson, Jr.  
Council Member Glenn Choolokian  
Council Member Lewis Rotella  
Council Member Candra Thomason

WHEREAS, on Friday, May 13<sup>th</sup>, Defense Secretary Donald Rumsfeld recommended closing more than 150 large and small military installations across the U.S.; and

WHEREAS, the Niagara Falls Air Reserve Station was among the military facilities targeted for closure by the Pentagon. The Niagara Falls Air Reserve Station is home to the 914<sup>th</sup> Airlift Wing, from which C130 supply planes are assigned, and the 101<sup>st</sup> Air Refueling Wing, which helps re-fuel military aircraft in flight. The Secretary of Defense proposed to move the 914<sup>th</sup> headquarters to Langley Air Force Base in Virginia; its Expeditionary Combat Support group would be realigned with a Space Group out of Colorado; and the Civil Engineering Squadron would move to Lackland Air Force Base in Texas. The 101<sup>st</sup> would be assigned to an Air Guard station in Bangor, Maine; and

WHEREAS, the news of the Niagara Falls Air Reserve Station's closing is "devastating news" to all of us here in Western New York. The base employs about 3,000 full time and part-time workers in various capacities; and it's economic impact on the Falls region is estimated at \$150 million; and

WHEREAS, the border location of the Niagara Falls base and its strong units with cargo and refueling planes make a compelling case to keep this base open, as well as the critical role the base plays due to its vital mission in support of our nation's defense and our local economy.

NOW, THEREFORE BE IT RESOLVED, that the Niagara Falls City Council STRONGLY urges that the Niagara Falls Air Reserve Station remain open and ask the Western New York Federal and State Delegation to support the saving of our base. We also ask them to convince the Pentagon that our base is essential, not just to Niagara County and Western New York, but to the entire country to keep this base open.

BE IT ALSO RESOLVED, that copies of this resolution be sent to the Western New York Federal Delegation, which includes our local members of Congress and the US Senate; as well as to our local State representatives and the leadership of the NYS Senate and Assembly.

Dear Chairman Principi and BRAC Commissioners:

The Village of Youngstown Board of Trustees, with the full support of our residents, US Coast Base Officers and staff at adjacent Fort Niagara and The US Boarder Patrol, deployed here 24-7, drafted the enclosed resolution to preserve and expand the Niagara Falls Air Base.

“Military Value” of course is the absolute measure in the Pentagon’s decision to retain and/or close Military Bases and we are collectively genuine in our belief that the Niagara Falls Air Force Base facilities, staff, performance, efficiency and cost meets and often exceeds your Military Value criterion:

- Highly decorated and commended staff of the 207<sup>th</sup> National Guard and 914<sup>th</sup> Air Force Reserve
- Lead night vision C-130 unit in the reserves
- Can facilitate now eight additional C-130H Aircraft
- Fills a vital and unique dual role in National Defense and Homeland Security protecting the adjacent Canadian Borders
- Is one of the most cost efficient facilities in the Air Force Reserve Command (i.e. 33% operations and utility cost reductions)
- The Base has no air traffic, physical encroachment or expansion constraints
- The last decade of \$35 million + in the base facilities provides a state of the art, maximum efficiency, at the ready base infrastructure and system.

We thus ask for your objective and through analysis of the Niagara Falls Air Base’s exemplary service to our Country in deployment and its genuine and proven Military value.

Sincerely,

Neil C. Riordan, Mayor

## Village of Youngstown Resolution To Preserve and Expand the Niagara Falls Air Base

WHEREAS the men and woman of the 107<sup>th</sup> National Guard and the 914<sup>th</sup> Air Force Reserve have set a national standard for military value, and  
WHEREAS the Niagara Falls Air Base Units wartime refueling and medical deployment is consistently honored and praised for response, efficiency and bravery in severe wartime conditions and are the lead night vision C-130 unit in the reserves, and  
WHEREAS the Niagara Falls Air Base can accommodate eight additional C-130H aircraft without additional military construction and faces no physical encroachment nor air traffic control constraints and has substantive acreage to expand facilities at low cost, and

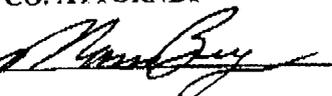

WHEREAS the Niagara Falls Air Base not only performs to the highest level for national defense but parallels that performance in protecting our borders in the war on terror, and  
WHEREAS the Niagara Falls Air Base provides vital deployment to protect the Niagara River and Lake Ontario Border crossings adjacent to Youngstown, protects the New York State Power Authority and defends border terrorist and illegal alien entry 24-7,  
NOW THEREFORE BE IT RESOLVED INASMUCH as the Niagara Falls Air Base facility and the brave, expert and dedicated staffs of the 107<sup>th</sup> National Guard and the 914<sup>th</sup> Air Force Reserve exceed the Pentagon's Military value criteria in virtually every category, the Base must remain open and be expanded to continue to be one of the Nation's most vital, efficient and responsive defense assets.

## RESOLUTION SUPPORTING CONTINUED OPERATIONS AT THE NIAGARA FALLS AIR RESERVE STATION

**WHEREAS**, the Niagara Falls Air Reserve Station in Niagara Falls, New York, was established some fifty (50) years ago to assist the United States in protecting our country, and

**WHEREAS**, presently, the Niagara Falls Air Reserve Station is home to the 914<sup>th</sup> Air Lift Wing, the 107<sup>th</sup> Air Refueling Wing, 865<sup>th</sup> Support Hospital, 288<sup>th</sup> Quartermasters and the Military Processing Site, and

**WHEREAS**, the Niagara Falls Air Reserve Station employs 3,000+ full-time and part-time military and civilian personnel; is Niagara County's second largest employer; and has an estimated \$153 million economic impact to Western New York businesses, and

**WHEREAS**, the Niagara Falls Air Reserve Station has admirably served our country and the Western New York region during the Korean War, Vietnam War, wars in the Middle East, the war in Iraq, as well as providing troops, equipment and supplies for humanitarian aid throughout the world, and

**WHEREAS**, the United States Department of Defense recently recommended that the Niagara Falls Air Reserve Station be closed, and referred such recommendation to the Base Realignment and Closure Commission ("BRAC Commission"), and

**WHEREAS**, the BRAC Commission will be reviewing such recommendations, and will forward its report to President George W. Bush by September 8, 2005; President George W. Bush will have until September 25, 2005 to accept or reject the recommendations; and then Congress will have 45 legislative days to reject the recommendations or they become binding on the Department of Defense, and

**WHEREAS**, the Niagara Falls Air Reserve Station is located in a unique strategic geographic location in Upstate New York, and serves to assist in border crossings from Canada, especially in the era of concern about Homeland Security and Global War on Terrorism, and

**WHEREAS**, the Niagara Falls Air Reserve Station has the necessary trained, motivated and ready airmen and soldiers needed to defend our Nation; and has the employees training in night vision reconnaissance, and

**WHEREAS**, the following are additional reasons why the Federal Government should disregard the BRAC Commission recommendation and keep the Niagara Falls Air Reserve Station open;

1. Closure of the Niagara Falls Air Reserve Station would reduce the Air Force presence in New York by 40%, and eliminate the last Federal Air Force flying mission in New York State;
2. Since 1995, the Niagara Falls Air Reserve Station has been modernized with \$35 million in new facilities and lengthened runways which have improved the operational effectiveness of the wings. The Niagara Falls Air Reserve has also reduced its Base Operations Support costs by 33% (including a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command;
3. Closure of the base would also eliminate the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates;
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction;
5. Niagara Falls faces no physical encroachment nor air traffic control constraints, and has acreage on the base and adjacent to the installation for expansion.
