Subject: 4 JUNE ISG MINUTES

Pete -- I have reviewed the minutes and offer only the following suggestion: in bullet 3 on page 1, delete the phrase "by 16 June 2004". As written, the sentence seems to state the ISG will approve the principles by 16 June, when that was actually the date the draft imperatives were due. You could add a sentence that says revised principles would be circulated with comments due by 16 June. Also, I am not sure what the second sentence of that bullet refers to -- is that the principle paragraph itself? It sounds like it is a separate explanation paragraph, which we didn't write (and I don't remember hearing as a tasker). Suggest deleting that sentence. Otherwise, minutes look fine. Thanks --- Anne
