OPERATION KEEP CANNON

06102005

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is ~~UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY~~. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Thanks so much for your hard work, time,
& careful consideration of this!

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Jay + Delores Swartz

OPERATION KEEP CANNON

06102005

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely, Leona Hughes

P.S: There are many negative consequences with the closing. Clovis area will be hurt, school, businesses, civilian population, military personnel, property (businesses, housing) will be negatively affected. We trust that additional consideration will be given the possible closing of Cannon AFB

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Operation KEEP Cannon

To the distinguished BRAC committee,

My family and I live in the communities of Clovis/Curry and Roosevelt County. I practically grew-up on that base. My father was a Korean and Vietnam war veteran. He met my mother and retired twice (active duty & civil service) at Cannon. I married an airman from Cannon and when he was honorably discharged we returned to Clovis/Cannon to raise our children. He is a civil service worker at the commissary on Cannon AFB. The communities have had the honor of having Cannon Air Force Base as part of our community for more then 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

OPERATION KEEP CANNON

RECEIVED

06102005

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Ricky Sierra

OPERATION KEEP CANNON

06102005

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Boris Moorman

To the distinguished BRAC committee,

My family and I live in the communities of Clovis/Curry and Roosevelt County. I practically grew-up on that base. My father was a Korean and Vietnam war veteran. He met my mother and retired twice (active duty & civil service) at Cannon. I married an airman from Cannon and when he was honorably discharged we returned to Clovis/Cannon to raise our children. He is a civil service worker at the commissary on Cannon AFB. The communities have had the honor of having Cannon Air Force Base as part of our community for more then 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability. In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Evelyn Paul Ramsey

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY.. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Clara G. R. Jolley

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

Mark Ramsey

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. We were both born in Clovis (44+50) as were our parents. We have watched the growth of Cannon. In the last few years, we have seen great growth in our businesses of Clovis, new restaurants and especially the housing market. It would be devastating to our economy to lose the people at Cannon Air Force Base.

This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.

As hopefully you will personally witness, the relationship between Cannon Air Force Base and the surrounding towns: Clovis, Portales, Lubbock, Amarillo and many others is UNLIKE ANY OTHER INSTALLATION IN THE COUNTRY. These towns are home to large military retiree populations which rely on Cannon Air Force Base for healthcare, grocery shopping and more.

Our community has reached out and supported the base like no other community over the past 50 years. We've done so financially, morally, spiritually and above all, consistently. We are proud, honored and blessed to have Cannon Air Force Base and will stand behind it and everything it stands for every step of the way.

Sincerely,

OPERATION KEEP CANNON

To the distinguished BRAC committee,

We are the communities of Curry and Roosevelt County that have had the honor of having Cannon Air Force Base a part of our community for more than 50 years. There are many reasons that Cannon should NOT be on the BRAC list.

Some of the things are the abundance of air space, void of any encroachment issues. The future use of super sonic fly space, the fabulous weather that permits a year round training ability, In addition, the Melrose bombing range is seconds from the end of the runway at Cannon, which allows pilots to get airborne and immediately begin training operations over the bombing range, rather than spending all of their fuel just to get to the range, having one pass over, then returning to the base.

Cannon has the space and facilities to accommodate joint war fighting, training, and readiness as was evidenced by the recent joint training effort between Cannon and the US Navy. Cannon has won countless awards, both on the ACC level, Air Force and NAF levels, and national and STAT levels.

In the early 90's, Curry County, in conjunction with the state of New Mexico purchased air easements around Cannon Air Force Base and GAVE them to the Air Force. This was done to protect that air space from encroachments and was an important issue for the Air Force as it is today. The local community purchased land North of Cannon Air Force Base and GAVE it back to the Air Force for additional housing, now known as Chavez Manor. Within the last few years, our community purchased land west of Cannon and GAVE it back to the Air Force for the installation of instrument lighting on the alternate runway at the base.
