Dear Mr. Epstein,

Thank you for taking the time to visit Naval Support Activity Crane. Though Commissioner Skinner only had four hours, I am grateful that you had the opportunity to see more of Crane and learn in more detail what Crane does for our war fighters. And, it is my hope that you also saw the incredible potential of Crane and its employees. Each time I tour Crane, I am more amazed at what is being done in the middle of Indiana cornfields!

I am honored to be a part of the team that will be making the Crane presentation in St. Louis. I look forward to seeing you, the commissioners, and other members of the BRAC staff as we attempt to tell the Crane story.

Again, thank you.

Sincerely,

Thanks!
PW/kp

Dear Commissioner Skinner,

Thank you for taking the time to visit Naval Support Activity Crane last week. I was pleased to learn that you had an intense overview of all that Crane does for the war fighter and its potential to do more. As I stated in my comment to you during the community/press question and answer time, I regret that you were not able to spend more time on the base. Each time I take a tour, I am more amazed at what is being done in the middle of the cornfields in Indiana!

I am honored to be a part of the team that will be making the Crane presentation in St. Louis. I look forward to seeing you and the other commissioners as we attempt to tell the Crane story.

Again, thank you.

Sincerely,

Thanks!

Peggy Welch
