Dear Sirs.

First I want to apologize for my hand-writing, I've hurt my hand & it is difficult to write. I feel this is important tho so I'm going to try.

I know you are smart men & you have your reasons for wanting to Close Cannon Airforce Base. Mostly Because of Money. Even tho I don't see how closing a Base that is already Built & Moving Everyone & thing to Places you'll have to Build up to hold them looks like it would cost more to me.

My reason for wanting Cannon to stay are personal. I have 2 children, One lives in Heaven, The other lives in Germany with my Wonderful Son-in-law & my two precious grandsons.

I want so much for them to be able to be able to come back home. I want to get to enjoy my grandbabies & my sweet Baby & her precious Husband.

I want to help teach those Babes about God. We have the BEST church here, So they could be loved & taught the Word of God. I want to know my grandchildren & I want them to know me. I want to give them lots of love.

As a City, We love our Military People.
We have worked hard to Be a blessing to
our Military. We love the People of Cannon.
So many lives will be all messed up
if you close Cannon.

People like my Mother-in-law who
has one rent house, to help keep her going.
How will she be able to keep it rented
with thousands of empty homes around.
How will our businesses survive with
thousand of people gone.

We need Cannon. I pray you will
reconsider & Keep Cannon Open.

May God Bless you & Help you make
the right Decisions

Sincerely,
Polly D. Fish Ps. 37:4
