BRAC Commission

OCT 12 2005

Received

Dear **The Honorable BRAC Commission,**

My Father, who I love very, very much, with all my heart, and sadly passed away on 1 - 3 - 1998, put my brother, Michael, and myself, in **Harpers Square Apartments** in 1991, while working as a United States of America NAVAL BASE Military Police Officer, at DAM NECK NAVAL BASE, in Virginia Beach, Virginia.

So, since 1991 to the present, my brother, Michael, and myself, John Francis Rabbitt Jr., have both lived peacefully in our own separate apartments, in **Harpers Square Apartments**, located in Virginia Beach, Virginia.

Now, sadly, your Honorable Commission, will close down and demolish Harpers Square Apartments, and my brother, Michael, and myself, will lose our apartments, be homeless, and need to find a place to live, because we live in an Accident - Potential Zone (APZ), of the Naval Air Station OCEANA Master Jet Base, in Virginia Beach, Virginia. That really hurts my brother, Michael, and my feelings and makes us both feel depressed.

In addition, **10,000 homes will be demolished, the largest Shopping Mall on the East Coast (Lynnhaven Mall) will be demolished, and a large number of businesses will be demolished.**

Please have mercy and pity on my twin brother, Michael, and myself, and find a way to relocate the Jet Aircraft at the Naval Air Station OCEANA Master Jet Base, in Virginia Beach, Virginia.

May God Bless Your Honorable Commission, thank you for reading this letter, I wish you all the best and please have a nice day !!

Very Sincerely Yours,

John Francis Rabbitt Jr.
