Jim -

Thank you for returning my call. I look forward to seeing you on Aug. 8<sup>th</sup> in Monterey.

It makes no sense to move or close the NPS in Monterey. We have dozens of federal entities in that county, more than anywhere else in California. When you look at the DeJure Language School, Ft. Hunter Liggett, Ft. Ord, Navy Job Fleet Memorial and Hansen Development Center. No one can duplicate that. Thanks, Sam

Thank you for returning my phone call. I look forward to seeing you in Monterey on Aug. 8<sup>th</sup>

When you look at the military assets in Monterey County - the Dyreus Army Corps School, Fleet Numerical Weather, Navy Job, Ft. Hunter Liggett (168,000 acres), Camp Roberts and Manpower Development Center plus 4000 transient P&C housing, you can't have better jointness anywhere else.

We have dozens of other federal centers in Monterey. No other area has better synergism between entities.  
Best wishes, Sam
