Regarding: Removing Cannon AFB from the BRAC list

Dear Chairman Principi:

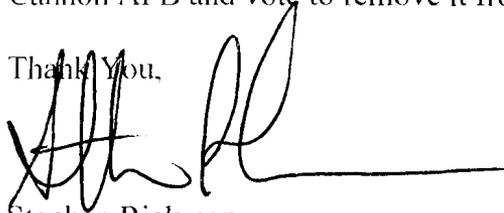

I am very concerned about the Department of Defense's recommendation that Cannon Air Force Base should be closed.

Cannon has numerous benefits to the Air Force including ample airspace, as well as a host of communities that have made tremendous efforts to insure that Cannon AFB has everything it needs to remain an asset to our communities, as well as our country. On many occasions, land and easements have been purchased by county and community governments and given to the Air Force in recognition of how important Cannon AFB is to our area.

Our communities, which are home to many Air Force personnel, retirees and Air Force civilian employees, rely on Cannon as a significant contributor to our economy. With an estimated reduction of no less than 20% of our work force, we fear that this closing may have a significant negative impact to this entire area. Recently, Clovis and the surrounding area have shown some growth potential and economic recovery. This is largely due to knowing that Cannon is a stable and important resource to our area.

I respectfully ask that you please reconsider your decision to recommend the closure of Cannon AFB and vote to remove it from the BRAC Closure list.

Thank You,
