Overall Comments: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces and personnel

Demographics: All communities have MSA populations of greater than 545K and less than 6.1M

Child Care: All receiving communities have nationally accredited child care facilities

Cost of Living: Data indicates 3 of 4 communities have a higher median household income than the US average (exception: McGee Tyson); data indicates 2 of 4 communities have a higher median house value and GS locality rate than the US averages (exceptions: McGee Tyson, McConnell)

Education: Data indicates all communities' high school graduation rates exceed the US average; 2 of 4 communities have higher SAT I scores than the US average (exceptions: March, Pease)

Employment: In 2003, data indicates 3 of 4 communities had lower unemployment rates than US averages (exception: McConnell); in 2003, 2 of 4 communities had higher job growth rates than the US average (exceptions: McGee Tyson, McConnell)

Housing: Data indicates there are no housing availability issues

Medical Providers: Data indicates that only the McGee Tyson community has both physician and bed-space ratios lower than the US average

Safety/Crime: Data indicates that only the Pease community has a lower crime report index than the US average

Transportation: Data indicates that 3 of 4 installations are within 24 miles from a commercial airport (exception: Pease, 40 miles); 2 of 4 communities offer regularly scheduled public transportation (exceptions: Pease, McGee Tyson)

Utilities: All communities can expand to support increases in water and sewer usage for 1K new people

March ARB, CA

Demographics

The following tables provide a short description of the area near the installation/activity. March ARB is 5.2 miles from Moreno Valley, CA, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population

Child Care

This attribute captures the number of nationally accredited child-care centers within the local community: 11

Cost of Living

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities. For median household income and house value, the basis of the data (either MSA or number of counties in the MHA or the county of the installation) is indicated.

Median Household Income	(US Avg \$41,994)	\$42,404	Basis: MSA
Median House Value	(US Avg \$119,600)	\$138,500	
GS Locality Pay	("Rest of US" 10.9%)	20.1%	
O-3 with Dependents BAH Rate		\$1,499	
In-state Tuition for Family Member		Yes	
In-state Tuition Continues if Member PCSs Out of State		No	

Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, and composite SAT I/ACT scores provide a relative

quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: "MFR"--means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information. For each entry, the number of school districts for which data are available of the total number of school districts reported, and the number of MFRs is indicated.
