Dear Chairman Principi:

I urge you to convey my interest in maintaining the military installation NAS JRB Willow Grove, located in Horsham, Pennsylvania. This installation is the model of joint use base facilities whose strengths include:

- . Working Joint operations including all services except Coast Guard.
- . Extremely large Multi Force Reserve contingent that DOD can draw from.
- . Critical/strategic location near all Northeast Corridor major metropolitan and port areas.
- . Vital part of Homeland Defense & Security for the East Coast.
- . Modern 8,000 foot runway and modern Digital Radar Air Control System-one of only four in the United States, and available for Emergency Preparedness and operations.
- . Newly constructed Navy Lodge that greatly enhanced the versatility of the base.
- . Huge economic impact to our local region.
- . Strong community support.

I appreciate your representation and thank you for conveying this strong message.

Sincerely,
